Murphy Jr., have charged that FBI agents tried to bribe one of four men arrested in the ambush slaying of Mrs. Viola Liuzzo of Detroit. The Klan leader has requested a face-to-face meeting with President Johnson to discuss racial issues. (AP Wirephoto)

## Illicit Whisky Ring Smashed

GREENSBORO, N. C. (AP)—A federal grand jury may be asked Friday to indict four North Carolina men charged with operating an illicit whisky ring between Michigan and the Tar Heel State.

Federal agents said Sunday they hoped bills of indictment could be drawn in time for presentation to the grand jury in U. S. Middle District Court at Greensboro Friday. The next scheduled grand jury meeting is May 28.

The North Carolina men, arrested in their homes during the past week, are Frank Hutchinson, about 45, James Clifton Sidden, about 30, and William Lynn Joines, about 42, all of Trap Hill in Wilkes County, and Alexander Andrew Brooks, 60, of Sparta.

Four other men were arrested in Michigan last week. Federal agents said the whisky was being shipped from Wilkes County to industrial centers in Michigan and sold for a 400 per cent profit.

Arrested in Michigan were Raymond Lewis, 49, and William Summerfield, 27, both of Lansing, and Ora B. Cook, 32, and Donald B. Lemond, 20, both of Grand Ledge.

# Chile Village Of 400 Buried By Earthquake

## Vice President Visits Home Of Ambush Victim

DETROIT (AP)—The grieving family of an assassinated civil rights sympathizer remained in seclusion today as gestures of sympathy poured in from dignitaries and little people alike.

Vice President Hubert Humphrey paid a personal visit Sunday to the home of the slain Mrs. Viola Gregg Liuzzo, 39, year-old mother of five who was felled on a dark Alabama highway last week.

A spokesman for the family said Humphrey expressed condolences on behalf of both himself and President and Mrs. Johnson to Anthony Liuzzo, 51, and the children during his five-minute stop.

### Little Daughter Weeps

Charles (Chuck) O'Brien, a Teamsters Union business agent and friend of the family, told newsmen that Humphrey "then went over and hugged little Sally, who was crying."

"She can't understand why her mother was killed," said O'Brien.

Six-year-old Sally was one of three girls and two boys left motherless by the murder of Mrs. Liuzzo. Four members of the Ku Klux Klan have been charged in federal court in connection with the slaying.

O'Brien said carloads of floral offerings and money have been pouring in from across the nation.

"The flowers are from people, plain people, no one important," he said. "The money is in ones and fives and...that's just from ordinary people, too."

Humphrey, in Detroit to accept a pharmaceutical award, was the last of several dignitaries who paid their respects to the family Sunday. During the visit, he was accompanied by former Gov. John Swainson, now Democratic national committeeman for Michigan.

Others who expressed words of sympathy either at the home or the funeral parlor where Mrs. Liuzzo's body was on view, included Detroit Mayor Jerome Cavanagh, Sen. Philip Hart, and Reps. John Conyers Jr., and Martha Griffiths.

Gov. George Romney stopped by the house Saturday and compared Mrs. Liuzzo to the French martyr, Joan of Arc. Both died for what they believed in, he said.

Romney has proclaimed today and Tuesday as days of mourning in Michigan for Mrs. Liuzzo. Urging each citizen to observe the two-day period in his own way, Romney said:

"This shocking murder can stand for all as an ironic symbol of the need to battle on for the cause for which she died and to ultimately insure that her death was not in vain."

Requiem Mass has been scheduled for Tuesday morning at Immaculate Heart of Mary Church, with burial to be in Holy Sepulchre Cemetery.

## Move To Impeach Wallace Planned

SELMA, Ala. (AP)—Civil rights leaders say they will begin a move in about two weeks to have Gov. George C. Wallace impeached and to turn all of Alabama into one mass demonstration in their battle to register Negro voters.

"We're going to start our next campaign at the top and go down to the bottom," said the Rev. James Bevel in a speech to a Negro rally Sunday night.

He told the group that the drive to get Wallace out of office would be under way by mid-April.

The civil rights movement also will expand shortly to the steel city of Birmingham, the port city of Mobile and to every town and hamlet in Alabama, said Bevel, who is one of Dr. Martin Luther King Jr.'s top spokesmen.

He declared that demonstrations also will be stepped up at

Montgomery, the capital, and will be taken into the white residential sections of Selma in defiance of a directive from a federal judge if certain conditions are not met to the satisfaction of Negroes.

Civil rights groups face a monumental task in trying to get Wallace impeached as a majority of both state legislative houses must approve it. A resolution asking impeachment of the governor must be presented by a House member.

Alabama House Speaker Albert Brewer said the resolution must contain charges that the governor has violated some portion of the Alabama Constitution and usually would charge incompetence.

If a majority of House mem-

bers then passed the resolution, a trial would then be held by the Senate with the chief justice of the Alabama Supreme Court presiding. Then, after charges are heard, the governor would be impeached only if a majority of the Senate voted for it.

"If we do our homework, I believe that by Christmas we will have a new governor," said Bevel. "I would not be surprised if we had an election by then."

Bevel said he believes Alabama citizens, both Negro and white, are fed up with Wallace. He did not go into detail on what plan his group would use in trying to get the impeachment campaign going other than to mention the group would use a 30-day economic boycott and launch a handbill campaign.

## Shattered Dam Deluges Town; Only 8 Escape

SANTIAGO, Chile (AP)—A massive earthquake rumbled across central Chile Sunday, shattering a dam that buried a village of 400 people under a deluge of mud and water. At least 26 others were killed elsewhere, hundreds were injured and thousands were left homeless.

Only eight villagers were known to have escaped when the 230-foot-high dam burst, cascading two million tons of mud and water on the copper-mining village of El Cobre, 80 miles north of Santiago.

Between 60 and 70 farmhouses and cottages were swept away by the torrent that thundered into the valley beneath the dam.

### Houses Disappear

"It was like a gigantic wave, more than 100 feet high, made of sand, mud and water," said one survivor, Carlos Munchel.

"It came on top of us, but I managed to run to a nearby hill. When I looked over my shoulder the avalanche had passed already and then I could not see the houses any more."

President Eduardo Frei toured the stricken areas by plane and helicopter. He told newsmen that the situation was under control and praised the people for remaining calm and helping in rescue efforts.

"The situation in El Cobre is terrible," Frei said, "but it is fortunate it was confined to this small area."

Sharp after-shocks continued through the night but the only major result reported was fresh rockslides on the highways. Crews were working to clear the slides and repair road damage. All main roads were open, but detours were necessary on many.

### Fires Break Out

The quake shook the 2,650-mile-long mountain nation from end to end, but it hit hardest in the central provinces of Aconcagua, Valparaiso, Coquimbo and Santiago, where a third of the South American nation's 7.8 million people live.

Dead and injured were reported in dozens of cities. Scores of fires broke out.

The upheaval was the worst the quake-prone nation has suffered since May 1960, when an earthquake and tidal wave killed an estimated 5,000 people.

Heaviest destruction in Sunday's earthquake was reported in communities just north of the capital.

At Valparaiso, Chile's second largest city and largest port 60 miles northwest of Santiago, two deaths were reported. About a third of the houses were reported destroyed or heavily damaged.

In Llay-Llay a rail and highway junction 50 miles above Santiago, almost every building was destroyed or heavily damaged.

### Residents Flee

In Nogales, 65 miles north of Santiago, families moved from their shattered homes into the streets for the night.

Devastation was also reported in the towns of San Felipe, Los Andes, La Ligua, Cabildo and Iquique, all north of the capital.

In Santiago, one person was reported killed and about 40 injured as they fled from shaking buildings.

The quake, which registered 10 on the Richter scale of 12, sent avalanches of rocks and debris tumbling down Chile's Andean peaks.

The giant earth shocks knocked out telephone service north of Santiago and badly damaged power lines and radio transmitting equipment.

Cave-ins at a sandpit at Quilota, near Llay-Llay, trapped about 100 miners, but most escaped.

### Sea Of Mud

Hundreds of soldiers were rushed in to help search for victims but after nightfall police

## Ku Klux Klan Chiefs Ask Meeting With President

WASHINGTON (AP)—Two Ku Klux Klan leaders have asked for a face-to-face meeting with President Johnson following his denunciation of the organization as "hooded bigots."

There was no immediate comment from the President. A White House spokesman said

the request made in a telegram sent by Georgia Grand Dragon Calvin F. Craig and Imperial Wizard Robert M. Shelton Jr. had been received and routinely referred to Atty. Gen. Nicholas Katzenbach.

Johnson attacked the Klan Friday when he announced the arrest of four Alabama members in the night-ride slaying of Viola Gregg Liuzzo, 39, of Detroit, a white civil rights worker. She was shot on a lonely stretch of highway near Selma. The President called for a congressional investigation and warned klansmen to quit and "return to a decent society—before it is too late."

Declared Johnson: "We will not be intimidated by the terror-

ists of the Ku Klux Klan any more than by the terrorists of the Viet Cong."

The Klan leaders said, however, they hoped to talk with the President about more than just that criticism.

This was their telegram:

"Representing the true feelings of millions of Americans, we desire personally to confer with you concerning your statement about the Ku Klux Klan, selection of Supreme Court judges, rising crime rate, obscene literature flooding America, sex pervers and Communist agents within our government."

"We pray that you will acknowledge our constitutional right to petition you."

## Skyraider Bombs South Viet Nam Unit By Mistake

SUOI DAY, South Viet Nam (AP)—"My God! Oh my God!" the American captain said as a Skyraider screamed in to accidentally bomb troops of the 9th South Vietnamese Regiment's 1st Battalion for the second time in a month. Both attacks were on a Sunday.

Capt. Robert Duker of Burlington, Iowa, went down on his knees as he heard the plane dive, then threw himself face down on the ground as the earth heaved under the impact of the bomb explosion.

Spec. 4 Robert E. Wafford of Buchanan, Mich., began shouting "Allo! Allo!" over his pack radio while running for cover.

"Allo!" was the call sign of the liaison plane overhead to coordinate action between the Sky-raidiers and the ground troops.

Wafford's transmission was broken off as the ear-shattering explosion knocked him down. When he could continue, Wafford shouted over the radio, "Stop the Skyraiders. The bombs are falling right on us."

Branches, chunks of earth, rocks and other debris were still raining back to earth.

Everyone pressed his face in the dirt as the second Skyraider began its bombing dive. The plane did not release its bombs, apparently after having been alerted by the liaison plane.

It was not known whether the Skyraiders were from the American or Vietnamese air force, or why the bombers picked out the government troops for their target.

In the rear company, the screams of a wounded Vietnamese soldier were heard. Vietnamese soldiers usually do not cry out even when they have been badly wounded.

Duker took over the radio and called the regimental command post to report the bombing. His knees trembling, Wafford, 23, rose to his feet and then sank to a kneeling position, covering his face with trembling hands for a few moments.

"For the second time now, I never thought I would have to go through this," he said.

Duker and Wafford moved 60 yards to the rear, where the bomb had exploded.

In all, one man was dead and 10 seriously wounded. Many others had minor wounds.

## Peking Envisions World Conquest, Chiang Declares

TAIPEI, Formosa (AP)—Chiang Kai-shek, Chinese Nationalist president, said today the nuclear weapons which the Chinese Communist are trying to develop are "heartlessly intended for the destruction of mankind."

They are striking the fate of our nation in a gamble for world conquest," Chiang said in a message marking Youth Day.

Taylor said he had no specific

## Outlook Better On War Front, Taylor Reports

WASHINGTON (AP)—Ambassador Maxwell D. Taylor, who says he thinks "things are turning for the better" in Viet Nam, confers today with Secretary of State Dean Rusk and other top State Department officials.

Taylor returned Sunday from Saigon to meet with President Johnson in what was billed as a periodic, across-the-board review of the U.S. effort in the Southeast Asian country to halt Communist subversion and aggression. No time has been announced for the White House meeting.

Landing at Andrews Air Force Base outside Washington, Taylor reported that there is "an air of optimism at the present time" in Saigon about the antiguerrilla campaign against the Communist Viet Cong.

Taylor said he had no specific

recommendations to make to the President. When questioned about a report he would resign, Taylor said "there is nothing to it."

The 63-year-old ambassador was chairman of the Joint Chiefs of Staff when Johnson named him to the Viet Nam post last June.

En route to Washington he conferred in Honolulu with U.S. Pacific commander Adm. U.S. Grant Sharp. When he arrived here he made these points:

On the campaign against the Viet Cong: "I'd say that the feeling of the people is that it is improving all the time."

On results of the air raids against the north: They have produced "a very clear lift in morale" in South Viet Nam.

On the political situation in South Viet Nam: it has improved since the civilian Quat regime took over in February.

Taylor said he had no specific

## Bridge Toll KO Campaign Starts With Petitions

A group of St. Ignace citizens today announced formation of a committee to start a statewide petition campaign to request the Governor and Legislature to pass necessary legislation to eliminate or substantially reduce the toll rates of the Mackinac Bridge.

The group has given the drive the name, "Operation, Unite Michigan." Hundreds of petitions will be circulated throughout the State by chamber of commerce offices, labor unions, tourist and governmental agencies, service clubs, and other interested organizations.

Any individual interested in obtaining a petition to circulate should write to "Operation, Unite Michigan," Box 187, St. Ignace, May 1 is the petition campaign deadline.

## Famed Burma Surgeon Dies

RANGOON, Burma (AP)—Dr. Gordon S. Seagrave will be buried Wednesday at the Burmese hill hospital to which he devoted his life. The famed "Burma surgeon" died there Sunday at the age of 68.

Burma's top heart specialist, Dr. Ronald Lwin, flew to Seagrave's bedside at the village of Nankham, 800 miles north of here, when the U.S. Embassy reported him critically ill last Wednesday. The embassy said Seagrave was suffering from a number of ailments, including a weak heart.

"I arrived there too late," Lwin said. "His heart was failing and his general condition was very bad."

Seagrave lay in his sparsely furnished room, dressed in faded blue pajamas, on a narrow bed near a window. Nearby was an easy chair and in a corner the desk where he wrote his best-selling "Burma Surgeon."

While Seagrave's American assistant, Dr. Joseph Newhall, and the Burmese nurses labored in vain to save the old doctor, hundreds of villagers kept a grief-stricken death watch on the hospital grounds.

Seagrave was 68.

Seagrave was 68.

Seagrave was 68.

## Weather

By The Associated Press

Escanaba and vicinity—Lowest temperature last night 24, high Sunday 30. Clearing and colder tonight. Low 10. Tuesday mostly sunny and warmer. High 32. Wednesday outlook partly cloudy with little temperature change.

The sun sets today at 7:12 p.m. and rises Tuesday at 6:33 a.m.

Upper Peninsula—Cloudy with some snow flurries this afternoon. Partly cloudy with a few snow flurries and colder tonight. Tuesday mostly cloudy with some light snow or flurries and little temperature change. Low tonight five to 12 above zero. High Tuesday 18 to 24.

Lower Michigan: Cloudy, snow flurries north; a little freezing rain or drizzle changing to snow flurries south portion this afternoon. Partly cloudy with a few snow flurries and colder tonight. Tuesday mostly cloudy with a few snow flurries and little temperature change. Low tonight 10 to 16 north. 15 to 25 south. High Tuesday in the 20's north and 26 to 32 south.

## \$18,000 Study On Aspen Set

The Area Redevelopment Administration has approved expenditure of \$5,000 in ARA technical assistance funds in an \$18,000 study project to test feasibility of producing aspen (popple) lumber for use in the manufacture of furniture.

ARA reports through the U. S. Department of Commerce, its parent organization, that Khoury Brothers, Inc., of Iron Mountain, manufacturers of dimension stock, have found increasing demand for aspen dimension stock for furniture, but that the firm is no longer able to purchase additional lumber required within an economic hauling range of its Iron Mountain mill.

If supply is economically feasible, the firm would expand its manufacturing operation to process its own raw material. Khoury Brothers would repay the ARA investment in the feasibility study out of the profits of the firm's expanded operations.

The study will be made by Michigan Tech's Institute of Wood Research, which will in addition to the \$5,000 of ARA funds, invest \$11,400 in the study. Khoury Brothers will put in \$2,000.

## Holy Name Latin Week To Feature Roman Banquet

Freshmen and sophomores at Holy Name High School launched "Latin Week" today with a Tag Day campaign.

The week-long event will conclude Saturday with a four-course, Roman Banquet, elaborately served by freshmen to sophomores.

Featured during the week will be a Latin Fashion and Hairdo Day, a Roman Wine Day, a Latin College Bowl competition for freshmen and a debate on Caesar for sophomores.

Tag Day is designed to advertise Latin Week with prizes going to students producing the best "tags" promoting the week.

Co-chairman for Latin Week are Pam Malinowski and Kathy Kirch. Co-chairmen for the banquet are Latin Club presidents Jack Hughes and Claudette Vanlerberghe.

## Bay de Noc To School Inmates

Arrangements have been completed for the first college credit cooperative program between the Marquette State Prison and the Bay de Noc Community College of Escanaba, it was announced today.

The program will bring to inmates of the prison the first college level courses taught to inmates as a group.

The plan will go into effect with the summer session of Bay de Noc, a two-year community college. Arrangements were made by officials of the college and the prison.

Inmates of the prison will be able to enroll in the college program in advance and take the course at the same time as those who are actually attending Bay de Noc.

Heretofore, if an inmate wanted to take a course from Northern Michigan University or from any other university or college in Michigan, prison spokesmen said, he would do so by applying directly himself and paying the normal price for a correspondence course.

Costs for the Bay de Noc will be less than for courses available elsewhere.

According to Norman E. Kukuk, director of education for the Marquette State Prison, the fact that all inmates enrolled in the course will be taking it at the same time will enable a more effective control over the program.

A highlight of the program will be the playback of tape recordings in a Marquette State Prison classroom of actual class discussions, made in the Bay de Noc class and sent to the prison.

As a result, Kukuk explained, individual lessons will be handled with the tape recordings supplementing other efforts. This will provide more of a "class atmosphere" and will make the program more than just a correspondence course for inmates, he added.

Examinations will be given at the conclusion of the course at the prison under controlled supervision and directed by Kukuk.

The college will begin taking applications about May 20 for the one course to be offered inmate-students during the summer course. If the initial course, Composition and Rhetoric 101 (a freshman English course), with four credits, proves successful, the program will be expanded to a system whereby the inmates can take a two-year college course.

Kukuk said the course will probably wind up with about eight inmates enrolled.

Escanaba Kiwanis Club members helped make preliminary arrangements for the program. For more than two years Escanaba Kiwanians have arranged for five to 10 members to come to the prison each Tuesday night for group counseling sessions with inmates.

This program was started by John Mitchell of Escanaba.

### Forest Inventory

HOUGHTON — Michigan Tech's Ford Forestry Center at Alberta will be scene of a conference on continuous forest inventory May 3-7. The meeting is sponsored by Menominee Enterprises, Inc., the U.S. Forest Service and Tech Ford Forestry Center.

Continuous forest inventory is a method of determining, through systematic sampling, exactly what a landholder has in a forest in terms of board feet, cords, etc. It involves setting out permanent plots which are inventoried (remeasured) every five years.

## County Assessed Valuation Drops By \$1.7 Million

(Editor's Note: Affect on state tax income of "compromise agreement" reached in Lansing this week pressing for a passage of a bill which would repeal new assessment schedules has not been determined. The agreement reportedly will halve the tax break granted business and industry, thus also having tax losses to local government and schools.)

By DAVE ANDREWS

Delta County's assessed valuation for property tax purposes will drop about \$1.7 million in 1965, according to township and city assessment figures tabulated by Peter T. Ross, director of the Delta County Tax Dept.

The reductions could cost local government and area school districts about \$50,000 in revenue.

Total assessed valuation for Delta County in 1965 is \$67,927,055 compared with \$69,638,015 in 1964 — a decrease of \$1,710,960.

Projecting last year's state equalized calculations to this year's assessment figures, the county would lose about \$1.8 million in state equalized valuation.

According to Ross, the losses in assessed valuation were due primarily to newly instituted depreciation schedules applied to business and industrial personal property this year by the State Tax Commission.

**Wells Loss Heavy**

The depreciation schedules were installed by the Commission to make Michigan competitive with bordering states on industrial tax rates. State officials believe that the losses suffered by local government units this year will be made up by expansion of industry and location of other industries in the state induced by the favorable tax rates.

Main losses in Delta County are in Wells Township, home of Mead Corp. and its highly valued papermill, where assessed

valuation dropped \$1,451,425. The loss is about 82 per cent of that taken in the county.

The City of Gladstone also suffered, losing \$233,165. Escanaba, by comparison, dropped only \$29,250.

Ross attributed part of Gladstone's loss to reduction of inventory at the Marble Arm's and Marble Electric plants prior to ownership changes.

According to an estimate by H. J. Hendrikson, Gladstone city manager, the city will lose about \$3,600 in revenue that it might ordinarily have expected.

**Schools Lose**

Hardest hit, however, will be finance-troubled Escanaba Area School District, which also is affected by the reductions in Wells Township.

Total assessed valuation lost to the school district is about \$1.49 million.

Using last year's millage allocation figures from the county and estimating state equalization totals based on last year, the dollar loss to the district will approach \$28,000.

Delta County government will also suffer, losing between \$12,000 and \$13,000, if last year's allocation rates are maintained.

Despite the new tax schedules, some townships of the county did increase in assessed valuation.

They are Bay de Noc, Brampton, Ensign, Escanaba, Ford River and Masonville. Largest jump came in Masonville where the increase was \$53,600 from \$3,058,225 to \$3,111,825.

Losses were estimated in Baldwin, Bark River, Cornell, Fairbanks, Garden, Maple Ridge, Nahma and Wells Townships.

The County Board of Supervisors will meet April 13 to formally equalize Delta County. State equalization always takes place on the fourth Monday of May, this year May 24.

## Mrs. J. Lehman Dies On Sunday

MANISTIQUE — Mrs. John (Della) Lehman, 65, of 701 Deer St., died Sunday at 1:30 p.m. in Schoolcraft Memorial Hospital. She had been a patient 5 weeks.

Mrs. Lehman, the former Della Vincent, was born in Cooks, Oct. 25, 1899. Her marriage took place in Gladstone in 1958.

She was a member of the VFW Auxiliary, Post 4420 of Manistique.

Surviving are her husband, a son, Mason Rhoads of Manistique; one daughter, Mrs. Ferg (Myrtle) Parent of Detroit; two brothers, J. L. Vincent of Detroit and William Vincent of Manistique; four sisters, Mrs. Rock Chartier, Manistique; Rose and Bertha Vincent of Detroit and Mrs. Frank Howarth of Detroit, and one grandchild.

Friends may call at the Messier-Broulliere Funeral Home from 7:30 p.m. Tuesday. Liturgical prayers will be recited at 8:30 p.m. Wednesday and the funeral will be Thursday at 10 at St. Francis de Sales Church. Burial will be in Fairview Cemetery.

### Births

GROLEAU — Mr. and Mrs. Richard W. Groleau of Racine, Wis., are the parents of a son, Richard Wayne Jr., born March 26 at 2:50 a.m. The infant weighed 7 pounds and 12 ounces. The mother is the former Agnes Auger of Chemical Plant Location. Mr. Groleau is a son of Mr. and Mrs. Wilfred Groleau of Brampton.

### Fonda Injured

SEGOVIA, Spain (AP) — American actor Henry Fonda suffered a pierced right hand Sunday during the shooting of battle scenes for the movie, "The Battle of the Bulge." Company officials said a steel projection of the rifle bolt carried by Fonda pierced his hand when he fell on a muddy battlefield. He was given a tetanus injection.

# Seaway Will Open April 8

DETROIT (AP) — The St. Lawrence Seaway will open April 8 for the 1965 shipping season, St. Lawrence Seaway Corp. said Friday.

The April 8 opening date is the same as last year and compares with the normal opening date of April 15.

Seaway Corp. officials said the announcement was made early to give shippers extra time to plan for what is expected to be another big season on the Great Lakes and the seaway.

Ice conditions were reported favorable though up to 20 inches in thickness in spots on the St. Lawrence River.

Seaway Corp., which is the U.S. agency, and the St. Lawrence Seaway Authority of Canada are sending a joint notice to mariners of the opening date.

# Deer Return Downstate To Their Historic Range

By Lee Smits

By the time you read this, Michigan's deer herd will have come through another winter. Conservation Department field men will have a fair idea of how much venison that could have been harvested last fall has gone to feed ravens, foxes, crows, bobcats, stray dogs and various other critters.

The day before the blizzard hit Detroit I talked with Harry Ruhl, chief of the Conservation Department Game Division. Harry gave me snow reports from various parts of the northern Lower Peninsula and the Upper. He didn't foresee any heavy winter kill except in a few localities where crust prevented deer from ranging and made them easy prey for out-law dogs.

The situation changed radically overnight in many parts

of the state, although the worst of snow-and-blow didn't extend into wooded deer country.

\*\*\*

The finest white-tails in Michigan are in the southern third of the state. They are multiplying rapidly as shown by the traffic kill and crop damage. Public demand for more drastic control of farmland deer is sure to develop. In Livingston County shooting permits have been issued to save orchards from browsing deer.

The deer that flourish in the southern third of the state have returned to their ancestral range. In the fur trade narratives we find little reference to deer in the Upper Peninsula.

Parry Sound, Ontario, is in the latitude of the Straits of Mackinac. This is what Carman Douglas, fish and wildlife supervisor of the Ontario Department of Lands and Forests, has to say about deer.

"Most of Ontario, and this certainly includes the Parry Sound District, is in the northern fringe of deer range. This far north, winter is always a critical period for deer. To us (unless we have to shovel it), twenty inches of snow doesn't

seem like very much. In this much soft snow, an adult deer ends up dragging his underparts along the snow in his never-ending quest for food. Fawns are in even greater difficulties.

\*\*\*

"Feeding experiments show that deer cannot retain their weight if the temperature dips much below the freezing point even if they have all they can eat of the best of food and do not have to struggle to get that food. We, of course, have below-freezing temperatures for almost half the year.

"Add to the below-freezing temperatures the energy-consuming task of wading through deep snow and our deer herd is headed for definite trouble. Add to these a crust which won't support a deer and thus hinders travel even more, then real trouble is about to begin.

"Stored energy, in the form of fat, is consumed at a much greater rate than it can be replaced and the onset of starvation is at hand. The various stages of malnutrition mean lowered reproduction, stillborn fawns, inability to nourish the fawns after birth and complete lack of reproduction."

\*\*\*  
It is, of course, the works of man that radically change Michigan wildlife habitat from decade to decade. The big cedar was taken off about the same time as the pine. The rich second growth was a boon for deer and snowshoe hares. When fires were brought under control in the pine cutover country, excellent summer browse got going. Hardwood logging was succeeded by ideal food and cover for grouse and deer. After a few years the sapling second-growth grew too big for deer forage.

Then came pulpwood cutting, a big help, especially as carried on with deer in mind, as is done by the Packaging Corporation of America and under the direction of the Conservation Department, on state lands.

The most promising development of all for Michigan deer is the change in public thinking. We are learning to face the laws of nature, that game cannot be stockpiled, that too many deer are certain to exhaust their food resources and bring disaster to the species.

# Hospital Cost Rise Halted

DETROIT (AP) — Michigan Blue Cross (prepaid hospital service) says the rate of increase in hospital costs has dropped the last two years and if this goes on it should "favorably affect rates."

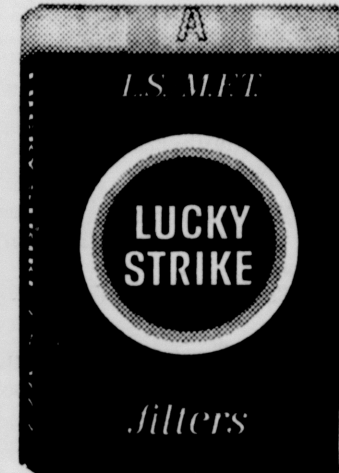

Blue Cross President William S. McNary, reporting in a week-end statement, said that while Blue Cross' payments to hospitals have increased about 10 per cent a year for a number of years the increase in 1963 was 8½ per cent and last year 7.18-100 per cent.

McNary said Blue Cross pays hospitals about \$200 million a year and the drop in the rate of increase represents "millions of dollars in savings" for Blue Cross subscribers.

# ESCANABA DAILY PRESS

## The Jailer's Side

The Press commented recently on the escape from the maximum security unit of the new Delta County Jail of a man held for trial on a forgery charge. Our comment was one of those: Gee whiz, what's wrong with the new jail? queries because obviously the spending of a third of a million dollars should have provided a lockup very superior to the old one.

After the publication of our editorial we had a visit from Fred Gasparick, the deputy sheriff who was on duty at the time the forger suspect lammed.

Gasparick wanted to be sure we understood the problems of the jailers. We were much impressed by Fred Gasparick and we're sure our readers would be, too, and they employ him. He's the father of 10 children, a college alumnus and, as he says: "I'm the first to say I'm a rookie officer."

Gasparick isn't trying to suggest that there should be no comment upon a jail runaway; he just wants any criticism to consider some of the jailers' problems. Essentially, he suggests, the escape resulted because there's been so much effort to serve the public with too small a staff. Gasparick was taking care of a line of applicants for driver licenses when the prisoner walked out.

There are only four men on the jail staff, he says, plus the sheriff and a fifth man who works on the regular staff's days off. They get two days off a week to keep employment to a work schedule of 40 hours. If only the persons who work more than 40 hours criticized jailers it might be tolerable, but Gasparick says he works a lot more than that and does his double best and that it doesn't meet the work load.

In this situation the jail uses trustees (persons serving terms for minor offenses who are trusted by the staff) to do some of the work. This seems to have contributed the bloopster that permitted the escape.

The jail staffing problem isn't new. We had a go-around with it recently when there was a complaint that the county dog warden wasn't chasing the dogs, but was working in the jail four days a week and spending only one running with the net.

The Delta County Board of Supervisors, which makes the appropriations to finance the sheriff department, isn't being offered a choice between more staff for the jail or occasional runaways, but the jail staffing at present isn't adequate, says Gasparick, to care for the work load, maintain jail security and answer the trouble calls to the sheriff's office.

"It's impossible to operate the jail with less than two men on the day shift," says Gasparick. There seems to be a real problem of staffing 24 hours a day with the present staff on a 40-hour week; to maintain the jail, render sheriff department services to driver license applicants, serve legal papers, and have a man available for the law enforcement services.

This is essentially a problem for the sheriff to present to the Delta County Board of Supervisors, which finances the sheriff department. It should also be a prime consideration for the home rule studies in our future, because the sheriff department's functions cannot be properly determined by an examination of this department only.

When Michigan law set up the county sheriff offices of the state, the sheriff was the chief and only overall law officer in the county. Now he shares jurisdiction with the Michigan State Police, which has statewide jurisdiction. And the city police departments have grown with population until they far outbalance the population served in the rural areas, which are now the chief province of the sheriffs.

This change has tended to make the sheriffs into jailers for the other law officers, the issuers of driver licenses, the servers of legal papers, and the performers of other law enforcement duties like highway patrols, etc., only within the limits of their personnel capacities and not of need. These capacities have not been expanded with the population as have—for instance—city police departments—because of the rural orientation of the sheriff departments and the shrinking rural population.

The escape of the jail inmate points a problem which is larger than the sole question of jail staff and which merits an overall inspection of sheriff department relations to the whole complex of law enforcement.

## The Doctor Says:

### Keep Children Occupied

By Dr. Wayne G. Brandstadt

If you keep your child home all summer, plan to keep him occupied. This does not mean letting him sit in front of the TV several hours a day. If there are friends his own age in the neighborhood, you won't have much of a problem.

Otherwise summer school, even though he grumbles about it, may be a good idea. For the child ahead of his class many summer schools now have stimulating programs to bring out hidden talents. And for the child who has a hard time keeping up with his class, remedial summer school should give him a chance to catch up and to get a better foundation for the school year ahead.

The other possibility is a summer, or a part of it, away from home. This may take the form of summer camp, a trip to his grandparents' home or an exchange visit for a week or two with an out-of-town friend.

If you plan to send your child to a camp for the first time, you should investigate the camp's health and safety provisions. If possible, talk with the camp director or one of the counselors. If swimming is featured, make sure qualified instructors and life guards are assigned to the waterfront.

All children are homesick the first few days at camp. This is because they are placed in unaccustomed surroundings with strangers. The homesickness is worse when there is no planned activity, but how long it lasts depends on how fast your child makes new friends.

An only child who has spent most of his life with adults has a harder time adjusting to camp than others because he must suddenly share the center of the stage with a group of other children he never saw before.

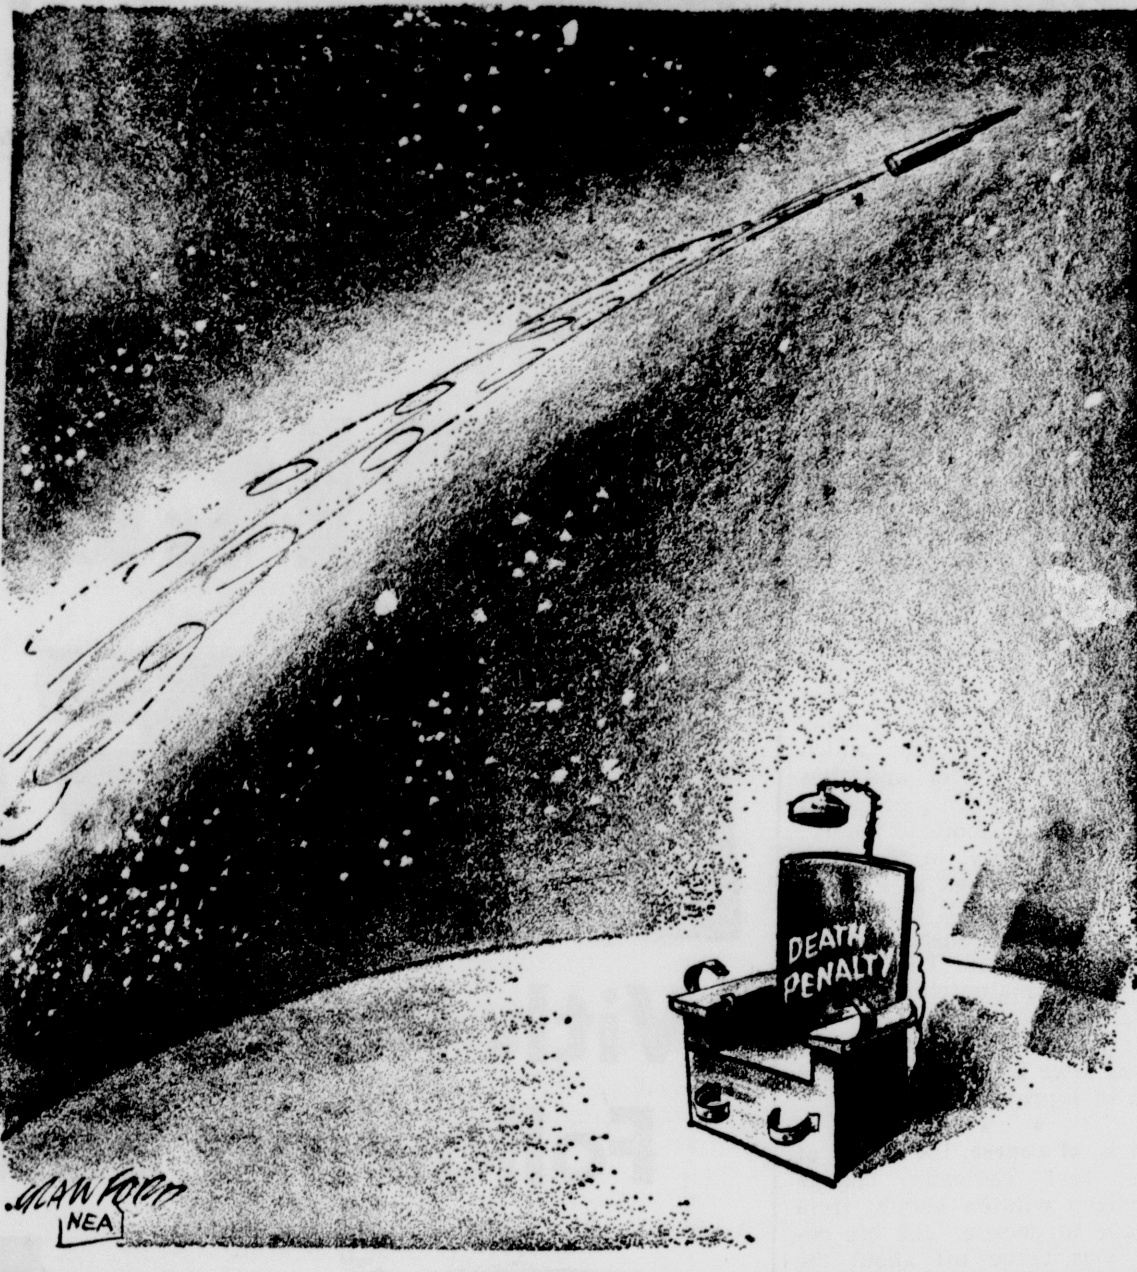

Learning to overcome homesickness is a part of growing up and a very valuable lesson. For this reason most camp directors ignore it.

Many a parent, in answer to a letter full of heartbreak, has appeared at camp to take her youngster home and found that he would no more think of leaving before the camp breaks up than he would wash behind the ears without being told to.

MARQUETTE — Appointment of Miss Frances L. Spencer as instructor of speech at Northern Michigan University is announced today by President Edgar L. Harden. Born and reared in Waterford Township, Mich., Miss Spencer received her bachelor's degree from Central Michigan University, and is a candidate for the master of arts degree at the University of Miami, where she taught before joining the NMU faculty.

## While We Reach for the Stars

### Ann Landers

## Keep Her Teeth Off The Chips

Dear Ann Landers: Nine of us girls belong to a poker club. We've been meeting every Tuesday night for almost 15 years. The stakes are not high enough to hurt anyone and we all have a good time.

The newest member of the club is causing trouble. I will call her Zelda. We took her in last year when her husband died. Zelda has two artificial teeth right in front. They are on a bridge. When Zelda is in a big pot she takes her teeth out and puts them on the chips for luck.

You know as well as I do, Ann Landers, that the cards are going to fall where they are going to fall but it is amazing the way Zelda's luck im-

proves the minute she puts her teeth on the chips.

The girls in the club don't like it—not because she wins, but because it is a disgusting sight. Please tell me what should be done. — YESTERDAY'S HOSTESS

Dear Hostess: It is in bad taste to dismantle one's self in the presence of others. Tell Zelda the ladies would appreciate it if she would keep her choppers off the chips.

Since Zelda seems to be compulsive about removing things, suggest that she put her earrings, beads or wrist watch on the chips and leave her teeth in her head.

Dear Ann Landers: My par-

ents have been separated over a year. I know the reason and I can't blame Mom.

Miss Landers, although Mom is very wise and has given us a good set of standards to live by, there are certain things a fellow would rather talk over with his dad than his mother. When we boys try to talk to Dad he says our problems are not his business and he does not want to be bothered.

We don't like to ask advice from the principal or our minister when our own father lives in town. Even though he and Mom are separated we are still his children, aren't we? Please tell us what to do.—D. F. J.

Dear D. F. J.: If your dad says he's not interested in your problems, take his word for it. He is probably trying to punish your mother by being indifferent to you kids, which is a sad (and old) story.

Take your problems to the principal, the minister, and to your mother. I'm sure they will give you sound counsel. And, if you need a back-stop, don't forget I'm here.

Dear Ann Landers: Recently you printed a letter from the daughter of a snooty mother. Now will you print a letter from a mother who paid a high price for her snootiness.

I was determined that my teen-ager, Lucille, would never put anything over on me. I read her diary, looked through her bureau drawers, her purse, and her pockets. I eavesdropped on her telephone conversations and did everything imaginable to keep tabs on her.

The results were tragic. Lucille became an extraordinary liar. That girl could think up things that would baffle the F. B. I.

Our relationship deteriorated into a bitter contest—Lucille striving to see how much she could get away with and me figuring out ways to trap her. Finally she wound up in serious trouble.

I learned too late that trust and confidence are more effective tools for building honesty than suspicion and investigation.—SORRY NOW

Dear Sorry: I hope your ex-penience will be useful to other mothers. Thanks for sharing.

## We Aren't Gaining

By RAY CROMLEY

WASHINGTON — (NEA) — The booster rocket required for the Russians to perform their man-out-of-the-satellite into space feat was approximately the size of the rocket the United States will have ready for space use about 18 months from now.

The step-by-step improvements in Russian rocket power over the past four years indicate their work is moving ahead at about the same pace as United States rocketry.

Seven and a half years ago the United States was about one and a half to two years behind the Soviet Union in the power of its space rockets. The United States is still one and a half to two years behind.

In these seven and a half years we have not gained on the Reds in booster power—a major prerequisite in going to the moon.

Scientists interviewed here see little likelihood we will gain on the Russians in this respect in the years just ahead.

Building more and more powerful rockets is such a costly and complicated business it is unlikely that the United States can reasonably speed up the Saturn V program much faster than it is going now.

This does not mean, for sure, that the Russians will beat us to the moon. Other things than rocket thrust are involved.

Recent Russian shots aimed at Mars and other points in space have shown an apparent weakness in command and control. There are signs the United States is considerably ahead of the Reds in this tricky field, so important in the moon operation.

There is evidence the Russians are also behind the United States in molecular electronics and other techniques for condensing large amounts of complicated circuitry into extremely small, light packages.

The Reds have been able, because of their ability to put larger satellites in orbit, to get by with less sophisticated electronic apparatus. In going to the moon, however, weight will be at hairline premium. The Russians presumably will not have power to spare. They may run into difficulty meeting their miniaturization requirements on schedule.

The measure of which country is winning in the moon race will come when Russia and the United States attempt to ren-

deavour two satellites in space and transfer astronauts from one vehicle to another.

The United States will not be ready to try this feat for several years. If the Russians perform this intricate task first or by considerably superior techniques, scientists interviewed here say Russia will be virtually certain to beat the United States to the moon.

The frightening part of all this is not that the Reds might win the moon race. It's that after seven and a half years and the spending of billions of dollars, we've apparently not been able to gain to them in the key field of rocket power.

Suppose the Russians were able by a lucky research break to gain a two-year headway in some complicated decisive war weapon—perhaps a space-based weapon. We could not afford to stay two years behind.

National security demands that some way be found to speed up U. S. defense research and the development of research findings into workable hardware.

## What My Faith Means To Me

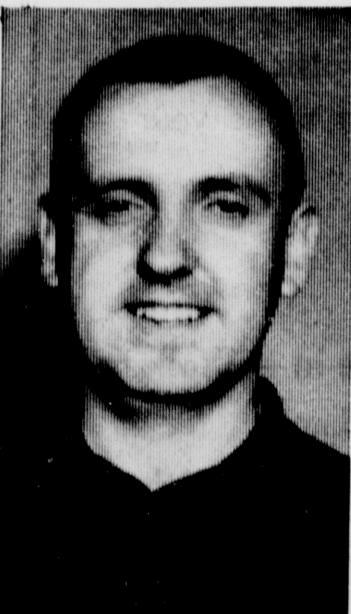

By ORVILLE M. JENSEN  
Immanuel Lutheran Church  
Escanaba

As the apostle Paul tells us in his letter to the Galatians chapter 2, verse 20: "I have been crucified with Christ; it is no longer I who live, but Christ who lives in me; and the life I now live in the flesh I live by the Son of God, who loved me and gave Himself for me."

I would like to say that this is my faith also. A faith in Jesus Christ and in the assurance of my salvation through His death on the cross of Calvary.

I believe we all live by faith. But faith in what? Ourselves? Material things? Faith in our ability to live our lives without Christ? A certain amount of faith in ourselves is necessary if we are to reach some of our goals in life. But our faith in ourselves is just not stable enough to live by.

The great hope of all Christian people is eternal life through Jesus Christ. If the life we are hoping for is to be eternal, then our faith too must be eternal. It is truly comfort-

Orville M. Jensen

ing to have the assurance that when sickness, sorrow, poverty or temptations come to test me there is always that small spark of faith in Jesus Christ and His great love for me to help me overcome all of my human weaknesses.

### VOICES

As a teacher of vocal music for 25 years, both in Michigan public schools and in my private studio, may I please explain my reasons for strongly recommending that an outstanding contralto be scheduled for this season's Community Concert Association series. Several board members of the Association voted with me a year ago in securing Lili Chookasian, Chicago-born contralto of the Metropolitan Opera, who will sing this evening, at William W. Oliver Memorial Auditorium, at 8:15.

The average young child loves music early, some even humming and showing response to rhythmic beat in their cribs and play pens. They learn the word "melody" early and continue to use "melody" until approximately eight and nine years of age. Then, at third grade level, they learn that, along with melody, goes something which makes singing still more interesting—harmony.

The first word they learn in contrast to melody (soprano) is "alto" the short form for contralto. They continue to enjoy singing "alto" in grades 4, 5, 6, and 7, male and female alike, until the boys finally lose the childhood vocal sound when they experience a marked voice change, putting them, forever after, on the bass clef.

Multitudes of musical girls, whom nature apparently decrees shall not remain sopranos, become "altos" for life. My experience has taught me that while they do not resent their voices resting lower than their increased ability to read, musically, the harmony part, they do fail to find the contralto's main resonator, the chest register.

The result is that junior high and senior high school choruses, church choirs galore, and even many college choirs are full of "strident" altos, who because their natural voices are lower, make them loud, not mellow.

Miss Chookasian, who is sought after around the world as a renowned contralto soloist, can beautifully reveal in two hours how best to use the choice, low, vocal instrument, of God's creation. Her artful, velvet sound should be a revelation to all musicians.

And to those generous lay people who simply love worthwhile music enough to subscribe to a metropolitan Opera singer's appearance here, she should be able, indeed, to contribute to their soul's well-being the true purpose of The Humanities.

As Astronaut Walter Schirra recently stated on a national television program, "A thing of beauty truly is a joy forever — but I'm afraid in our great quest for scientific achievement, some Americans have forgotten that."

Claire H. Garrard

### INTELLECTUALS

Not so long ago, the students' group from MSU made headlines in connection with the Vietnam conflict, agitating for a cease-fire and the withdrawal of our troops, which was bad enough since there was no criticism or condemnation leveled at the enemy, the Communists from North Viet Nam. And as deplorable as this display of error was, it does not match what members of the teaching faculty at the U-M have cooked up recently. The faculty group is against U. S. policies in the South East Asian country. The group, furthermore, gets down to real business—specifics—by stating that these are not only dangerous but immoral. . . . There you have it; leave it to the professors to concoct a potent brew when the cause reaches intellectual levels. . . .

As it happened in the students' group, it's a repetition along the same line with the professors; not a word of censure directed against the Com-

## It Happened On This Date

Today In History

By The Associated Press  
Today is Monday, March 29, the 88th day of 1966. There are 277 days left in the year.

Today's highlight in history: On this date in 1847, the city of Vera Cruz, Mexico, surrendered to Gen. Winfield Scott.

On this date  
In 1790, John Tyler, the 10th president, was born.

In 1890, the first naval militia in the United States was established by Massachusetts.

In 1918, Marshal Ferdinand Foch was named generalissimo of the Allied armies in France.

In 1943, nationwide rationing of meat began.

In 1944, U.S. naval forces attacked the Palau Islands in the Pacific.

Ten years ago—Associate Supreme Court Justice John Marshall Harlan took up his duties.

Five years ago — The Soviet Union and Communist China signed a trade agreement in Peking.

One year ago—35,000 persons attended biracial Easter services in Birmingham, Ala.

munist aggressors. The U. S. gets the blame, the Communists are O. K., apparently.

By the looks of things, President Johnson's vision and effort to create the Great Society is in for a rough going. The intellectual attainments as typified in our institutions of higher learning (the U. of M. for one) discourages any such hopes to take place during the life of this planet.

## Questions And Answers

Q—Is the name of Cain's wife recorded in the Bible?

A—No, neither in the Bible nor anywhere else.

Q—What determines the order of the states in an inaugural parade?

A—Their admission to the Union.

Q—Has the behemoth, the beast mentioned in the Book of Job, been identified?

A—The animal was probably the hippopotamus.

Q—Which is the only non-metallic element liquid at ordinary temperatures?

A—Bromine. Its name is derived from the Greek word meaning "bad-smelling."

Q—At what speed can the Canada goose fly?

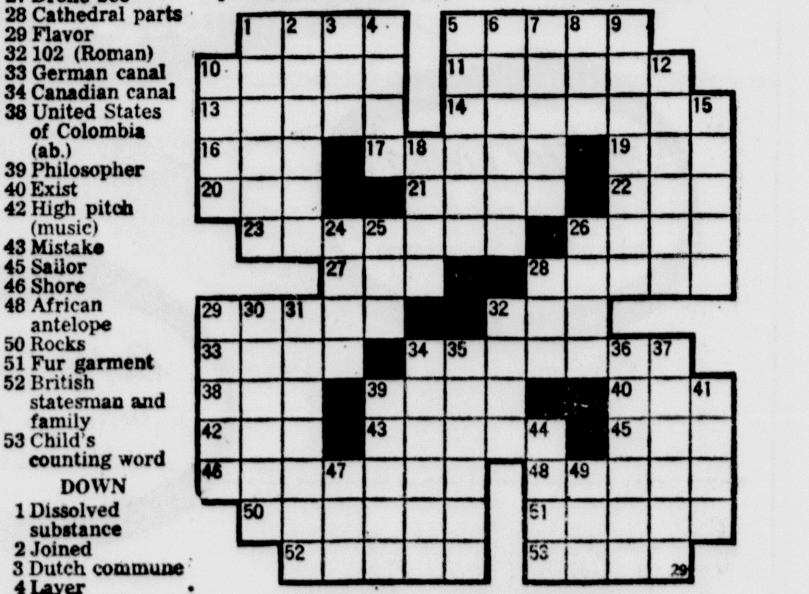

A—Fifty-five miles an hour.

## Copper Crafts Will Get Gifts On Foreign Tour

A meeting of the Upper Peninsula Crafts Council will be held at Hotel Dickinson, Iron Mountain at 10 a.m., CST Saturday, April 3. Mrs. Milton Scherer of Sault Ste. Marie, Council president, will preside.

The major topic of the meeting will be plans for the 7th annual Upper Peninsula Crafts and Native Industry Exhibit and Conference to be sponsored by the Council at Iron Mountain Saturday, May 8. The major speaker for the conference this year will be Professor James Schwalbach of the University of Wisconsin Art Department. Other details of the conference will be discussed with a local committee from Iron Mountain headed by Mrs. Lorn Johnson from Dickinson County.

Other topics will include plans for requests for assistance under the Economic Opportunity Act for the development of an Upper Peninsula crafts industry and by Mrs. Bruce Buell of Chassell on the recent purchase and donation of copper craft items to the Michigan Week Committee which will visit Europe in May. The Crafts Council recently presented the Michigan Week Committee with these items to be used as gifts to officials in foreign countries as tokens of good will from Michigan for the purpose of calling attention to the crafts council and its work in the Upper Peninsula of Michigan.

All persons who are interested in the creative crafts and native industries of the Upper Peninsula are invited to the meeting in Iron Mountain April 3.

## Klan Is Revived By Civil Rights

NEW YORK (AP) — The Ku Klux Klan, a sprawling giant of the 1920's that nearly choked to death two decades later on its own violent dedication to "Americanism," is getting new life from the growing civil rights movement in the South.

Dr. David M. Chalmers, a University of Florida professor and author of a new book on the Klan's secret world of mystic rituals, strange passwords and hooded violence, argues that a decaying Klan was given new "impetus and environment for action" by two events:

The Supreme Court's May 17, 1954, decision outlawing public school segregation, and the sit-ins, freedom rides and mass demonstrations of the early 1960's.

A number of other observers have pointed to a very recent rise in Klan membership, now believed to number 30,000 to 35,000 active Klansmen with up to 20,000 active sympathizers, mainly in the Deep South. Klan officials say their influence has been increasing steadily since the current civil rights struggle began. James Venable, Atlanta attorney and imperial wizard of the National Knights of the Ku Klux Klan, estimates growth at 10,000 to 12,000 new members a month.

"We try to weed out undesirables, our purpose is not to collect hoodlums," Venable said. "We're trying to get the sweat-box people in. Educated people have been brainwashed into believing in brotherly love — in peaceful coexistence."

Chalmers says in his book, "Hooded Americanism," which is to be published by Doubleday, that one inherent defect in

Klan structure that may have prevented it from becoming even more of an influence is the impossibility of controlling the actions of individual branches.

### Power In Elections

Today's Klan, actually a number of separate Klans, has most influence in small cities and rural areas, usually those with a high percentage of Negroes.

But 40 years ago, it was a giant of four million members that elected governors and senators, both in the North and South.

Born as a society of playful pranks and mystic initiations in 1865, one year after the Civil War ended, the Klan soon turned to a major role in the overthrow of carpetbag state governments in the South and the restoration of white supremacy.

By 1871, the estimated 550,000 Klansmen disappeared as a formal organization. President Ulysses S. Grant, under the Ku Klux Klan Act of 1871, suspended the writ of habeas corpus in nine South Carolina counties, and thousands of Klansmen were arrested.

### Cross Burned

Another Klan did not appear until 1915, when the organization was resurrected on top of Stone Mountain, Ga., with the burning of a cross and an oath of allegiance to the "invisible empire of the Ku Klux Klan."

By 1924, it had become a national political power, with four million members dedicated to opposing not only Negroes, but Catholics, Jews, and anyone who was not a native-born, Anglo-Saxon Protestant.

But, by the beginning of the depression, the Klan's power and glory were gone in the North and West.

The third Ku Klux Klan revival was organized in Atlanta late in World War II by an Atlanta obstetrician, Dr. Samuel Green. It had a brief period of activity, but splintered after Green's death in 1949.

### TURN LEFT PAST THE IVORY TOWER

LOUISVILLE (AP) — Marlin Volz, dean of the University of Louisville Law School, recently became a Democratic candidate for nomination as mayor.

Volz, a newcomer to politics, had to ask his students the location of Democratic Party headquarters.

PVT. GENE DRAZE has successfully completed the Construction Machine Operator course at Fort Leonard Wood, Mo. He was granted a weekend pass to visit his parents, Mr. and Mrs. David Draz of Spalding before leaving for Paris, France. Pvt. Draz received his basic training at Fort Knox, Ken. and advanced individual training at Fort Leonard Wood, Mo.

## Chips And Splinters

### Contributions To Chips Welcomed

The perfect hand in cribbage was held by George M. Haberle, 1006 Stephenson Ave., in a game with friends at the Masonic hall Friday afternoon.

Haberle was partner with Warren Morrison and Judson Stecker and Fredolph Johnson were partners when Haberle's 29 hand came up. Cribbage players will understand the rarity of the hand with a total 29 count—perhaps occurring only one hand in a million or more. Many cribbage players have not only never held such a hand, they have never seen one.

Haberle's perfect cribbage hand came in a hand that included three fives, of course, and the turning of the five of clubs. He held the jack of clubs for the 29th point.

## Tourist Shows Promise Gains

The Upper Michigan Tourist Association says its efforts to create a vacation "image" for the state's Northern Peninsula are beginning to bear fruit.

"After four years, we've noted an increase in the number of persons who know where the Upper Peninsula is as well as what it has to offer in recreation," a Midwest travel show worker declared. "About half the people visiting the Michigan Tourist Council booth at these shows are asking for literature about the U. P."

The increased interest shown in Upper Michigan by thousands of travel show visitors in Detroit, Chicago, Cincinnati, Milwaukee, Cleveland, Minneapolis and Indianapolis is expected to be reflected in an upturn in tourist revenue this summer, says UMTA Manager Ken Dorman. Travel show exhibits are part of the UMTA promotional program, which also includes newspaper, magazine, radio and television advertising and publicity, to spur recreational travel in this 15-county region.

On the increase, too, is interest in vacation travel itself, as exemplified by the record crowds attending the travel, boat and vacation shows. Upper Michigan Tourist Association officials believe continued promotion of this region is necessary to gain a portion of the ever-growing number of vacationists.

Right now the association has its big exhibit—telling of the many recreation advantages to be found in the Upper Peninsula of Michigan—set up in the Milwaukee Arena. Crowds visiting that show are breaking all records, says Dorman. A similar show is underway at Cleveland, where a UMTA representative is helping man the Michigan Tourist Council booth.

Besides regional attractions brochures provided by the tourist association, literature received from U. P. communities and Chambers of Commerce is being distributed at these shows. Usually, the supply of such area or community literature is inadequate to meet the demand. "More than ever before, we

are pleased with the cooperative spirit shown by U. P. Chambers of Commerce in providing personnel to staff the association's booth at travel shows," says Dorman. "Our team play this year is the best it's been since we resumed the annual displays."

"We're getting quite a few inquiries about camping accommodations to be found in Upper Michigan, a phase of recreation that undoubtedly will continue to grow annually. Since the people who benefit most from the camping program are retail and wholesale merchants, we believe they should cooperate in promoting vacation travel in the Upper Peninsula."

## Deer Being Fed In Snow Belt

LANSING (AP) — Michigan's deer herd is reported doing well, except in the western Upper Peninsula, despite the wintry weather during the first week of spring.

The State Conservation Department reported the trouble spot for deer continued to be the Baraga district of the Upper Peninsula.

Snowstorms cut off logging operations to deprive deer of one important source of browse. Emergency feeding with federal surplus corn is continuing.

Although snow depths in the rest of the Upper Peninsula averaged 2½ feet, deer in many areas above the Straits still were able to move around to find food. A solid base of packed-down snow also was aiding deer in the northern Lower Peninsula, where only light losses were expected.

In southern Michigan, meanwhile, deer were raiding orchards to cause serious damage.

A small herd of animals virtually wiped out a young orchard of 500 apple trees near Belding. Deer also caused an estimated \$2,000 in damages to apple and plum trees near Lowell.

# Record Crowd At Welcome Wagon Newcomers Style Show

CHILDREN ALWAYS are scene stealers and their role in Sunday night's Newcomers Style Show was no exception to the rule. Pictured here, from the left, are: Kim Anderson in a pink and white checked shift, carrying a matching play set; Paul Marenger in a sweater, polo and pants outfit of brown and beige; Mickey LaFave, ready for the summer days to come in yellow bermuda shorts and matching print blouse; Don Rodman in reversible jacket, vest and matching trousers; and Susan and Stacey Findley, wearing identical carnation pink wool Eton suits with pleated skirts, ideal for the Easter Parade. (Daily Press Photos)

## Births

**BRYSON** — Mr. and Mrs. Richard Bryson of 708 Bay St. welcomed their first child today, March 29, a daughter, born at 2:12 a.m. at St. Francis Hospital. The infant weighed 8 pounds and 6 ounces and her name is Elizabeth Mary. Mrs. Bryson is the former Peggy Munson, a member of the news staff of the Escanaba Daily Press. Elizabeth Mary was born on the birthday of her maternal grandmother, Mrs. Mildred Munson of Escanaba.

## Escanaba Artists Will Exhibit At NMU Show

Two Escanaba artists will exhibit at Upper Peninsula Art Teachers' Association show which is planned for the month of April in the gallery of Northern Michigan University Fine Arts Building, Marquette.

They are John Gustafson of Escanaba Senior High School who is displaying three oils and Dorothy Jones of the Junior High School who will show two water colors and four oils. This is the second annual

art exhibit held by this group at Northern and Mrs. Anita Meyland is coordinator of the project.

All art teachers, whether members or not of this association, are being asked to attend the exhibit and contribute their work.

Special feature of the exhibit will be the pottery of Karen Karnes, New York City ceramicist, which has been loaned for the show by Mrs. Sylvia Mannheim, an affiliate of the Area Training Program at NMU.

In addition, art students of Marquette High School will have displays of wood carvings, creative stichery and sculpture. The students of Carl Mayers of Graveraet Junior High School will exhibit wire sculpture, lino-block prints and mosaics.

## Camille Chase Bride Of Walter A. Bell

Camille Lorraine Chase of Bark River and Walter A. Bell of Arlington, Va., spoke their marriage vows in a 4 p.m. candlelight ceremony Saturday, March 27, in Zion Episcopal Church, Wilton.

The Rev. George A. John Porthan, Vicar of Zion, and the Rev. Ben Helmer, Rector of St. Stephen's Episcopal Church, Escanaba, solemnized the double ring service before an altar adorned with baskets of gladioli and carnations.

Mrs. Robert Bell, Wilson, sister-in-law of the bridegroom, sang "O Perfect Love" and "The Lord Is My Shepherd." She was accompanied by Mrs. Helene Merkl, Gladstone, organist, who also played the traditional processional and recessional.

The bride, daughter of Mr. and Mrs. Durward Chase of Bark River, was given in marriage by her father. Her gown was fashioned of Chantilly lace over taffeta with pleated bell-shaped skirt, fitted bodice, neckline and long lace sleeves. A pearl trimmed coronet held her fingertip silk tulle veil. She carried a cascade bouquet of red baby roses surrounded by white carnations.

### Aides In Pink

Matron of honor and bridesmaid were the bride's sisters, Mrs. Larry Bell of Iron Mountain and Charlotte Chase. Their floor length dresses featured bell-shaped skirts of pink taffeta with a scoop neckline. Their headpieces were pink velvet bows with tulle veils. They carried nosegays of pink and white carnations and they wore silver cross pendants, gift of the bride.

A white floor length frock of identical style was worn by Rosemary Chase, young sister of the bride, who was flower girl. A large pink taffeta bow in back matched her flower headpiece and she carried a basket of pink rose petals. The rings were carried on a pink lace trimmed round taffeta pillow by Mark Witte, Escanaba, the bride's nephew.

Mr. Bell's best man was his brother, Larry, of Iron Mountain. They are sons of Mr. and Mrs. Lawrence Bell of Wilton. Carl Stenberg was groomsmen and ushering duties were performed by Peter and Vernon Chase, both brothers of the bride.

A wedding dance followed the 6 to 9 p.m. reception at Bark River Community Hall. Mrs. Chase attended the wedding and received guests in a three-piece dress of light blue lace over taffeta. Mrs. Bell wore a navy blue sheath. Their corsages were pink and white carnations.

### To Arlington

Pastel pink roses decorated the tiered wedding cake and the centerpiece was an arrangement of pink and white roses, with pink tapers. Joanne DeMarse and Julie Butryn presided at the silver services. Angeline Chase and Lynn Bell were in charge of the guest book and Carol Gorzinski served the wedding cake.

The newlyweds are traveling to Arlington, where they will reside at 419 N. Edgewood St. Both are Bark-Harris High School graduates. The former

## Spring Fashion Revue Is Successful Event

Winter may have paid a return visit to Escanaba Sunday evening, but the multi-purpose room in Holy Name High School was a scene of beautiful pink apple blossoms and bluebirds for the 12th annual spring style show, "Think Spring", staged by Welcome Wagon Newcomers Club.

The event, as always, attracted a record attendance.

The attractive models, children and adults, displayed the newest in youngsters' wear, coats and suits, cottons and casuals, ensembles and the important after five wear. The closing was the traditional bridal party scene, in which Miss Linda Henslee was the lovely bride, Miss Patty Klimetz and Miss Kathy Johnson, bridesmaids, Chuck Brookes, Bill Boyce and Bob Schliecher, groomsmen and Mrs. Ed Hengesh, the mother of the bride.

Mrs. Melvin Putnam, president of Newcomers, welcomed the show-goers and descriptive commentary was handled by Lency Clairmont and Jim Zim. Organ music was provided by Dick Steede. A surprise during the show was presentation of red roses to Mrs. Forrest A. Henslee, general chairman of arrangements, a gift of appreciation from all the cooperating merchants.

Dessert was served preceding the program at tables decorated with flowers. The most effective stage setting by Norbert LaPort of Montgomery Ward display department, repeated the spring theme.

Cooperating with Newcomers in producing the fashion revue were Elsie's, Morrison Shop, Penney's, Anderson-Bloom, Montgomery Ward, Fair Store, Leader Store, Doris Shop, Mata Brown Shoppe, Gartner's, Rob-

## Dancers Invited To Iron Mountain

The Cotton 'n' Jeans Square Dance Club of Iron Mountain has extended an invitation to dancers of the Escanaba area to attend its annual spring dance, "The Bunny Hop Promenade," Saturday April 3. The party will be held in Dickinson County Armory and will begin at 8:30 p.m. Gene Dreyfus of Milwaukee will be the caller.

## Social-Club

The Ladies Aid of Salem Evangelical Lutheran Church will meet in the church parlors Wednesday at 2 p.m. Hostesses are Mrs. Walter Nelson and Mrs. Theodore Makosky.

## Fair Premiums Ceiling Policy Set By Board

Continuing growth of the Upper Peninsula State Fair may bring exhibitors whose awards will exceed the \$27,000 allowed by the state for premiums, and steps to meet the problem were taken by the Fair Board of Managers in Escanaba Saturday.

Erling Arntzen, Escanaba chairman of the Board, conducted the meeting held in the Chamber of Commerce building.

Other members of the Board are Mrs. Ruth G. Butler of Houghton, Kemp H. Brown of Munising, Carl P. Hansen of Wallace and Robert Davis of St. Ignace. Ray LaPorte of Escanaba is Fair secretary-manager.

Because the total for premiums is limited to \$27,000, the Board adopted as policy the payment of premiums on a ceiling basis, if necessary at the 1965 Fair to be held in Escanaba Aug. 17-22.

**More Beef Cattle**  
After consulting with Extension Service people the Board adopted a ceiling on premiums for all departments in open class competition; and established ceilings on 4-H exhibits on a county basis. Should the 1965 Fair bring premiums in excess of the \$27,000 the individual exhibitors will receive less than 100 per cent.

Last year the premium total for the Fair was \$25,931 and is expected to be higher this year. The beef entries are increasing and the beef department is a fast growing one.

Saddle horse owners and stock car drivers brought their problems to the Fair Board and the horsemen were assured that some of their requests had been anticipated and solutions already worked out.

Walter Erickson of Iron River and Mary Ann Cowell and her father, Wilbur Cowell of Kipling, represented a group interested in the 4-H Saddle program and discussed recommended changes with the Board. Most of these have been under consideration or adopted by the Board.

**Hear Suggestions**  
They were told that arrangements have been made to obtain the services of Sgt. and Mrs. John Taylor of K. I. Sawyer Air Force Base to judge the Saddle Show. Both are experienced, said LaPorte. The group also asked for

better exercise and judging ring facilities and they were assured this will be taken care of when the new saddle horse building is completed. There will also be a corral 140 by 180 feet. The new barn will have 80 stalls, with 20 stalls reserved for Shetland ponies.

Dick Lucke of Daggett appeared before the Board to suggest that attempts be made to gain more exhibitors and to develop industrial displays. The Board was interested but questioned where the additional exhibitors and displays could be housed, since space is already limited.

Lawrence Johnson of Escanaba requested that consideration be given an open class horse show. He was advised that the Board has already approved such an event this year although the budget this year will permit only ribbon awards. The group will have to supply its own judge for the adult open class show.

**Horse Pulling**  
The Board heard Henry Pepin suggest changes to provide for a better flow of pedestrian traffic on the grounds.

Leland Thompson of Escanaba suggested to the Board the revival of horse-pulling competition, which was abandoned several years ago because of a lack of public interest. To restore the event would require additional premium money, which the Fair does not have. The Board will consider the request, however.

An offer of cooperation in promotion of a second annual "Pig Scramble," was received from Dick Marenger of the Escanaba Chamber of Commerce agricultural committee. The Board indicated its willingness to go along with the event subject to the willingness of the 4-H to take on the arrangements.

Robert Mayou, Tom Runkle and John Taylor of the Upper Peninsula Stock Car Association offered to conduct stock car races on Fair dates and other dates.

Such races are now conducted by the Escanaba Stock Car Racing Association, which came before the Board for renewal of its arrangement. Its officers are Jack Shiner, Ivan Gerou and Mark Olson.

**Stock Car Races**  
A group of stock car drivers represented by Rene Lippens, John Taylor and Earl Iverson have formed the Pen-

U. P. FAIR Board of Managers met in Escanaba Saturday. They are (from left, front) Robert Davis, St. Ignace; Chairman Erling Arntzen, Escanaba; Mrs. Ruth Butler, Houghton; (back row) Ray LaPorte, Fair secretary-manager; Carl Hansen of Wallace and Kemp Brown of Munising. (Daily Press Photo)

insula Stock Car Association. Both groups were told by the Board that their requests to put on races in Fair week and use the track on other dates will be considered at the May 1 meeting of the Board.

LaPorte told the Board that bids for race track fencing will be opened April 22. Specifications may be obtained at the Fair office. The new fence will encircle the quarter-mile track.

Two other projects — construction of the 4-H stable and rewiring of the large cattle barn — are hoped to be completed by Fair time, LaPorte reported.

**Queen Contest**

LaPorte told the Board that a request for an appropriation of \$500 to construct a modern milk cooler at the Fairgrounds is before the ways and means committee. The cooler is needed to process according to state sanitation laws the 500 gallons of milk produced daily by cows at the Fair.

The Board was advised by LaPorte that a new agency reorganization bill is proposed to place the Fair under General Services. The Board is asking that the Fair come under the Department of Agriculture.

Mrs. Lency (Vera) Clairmont of Escanaba was appointed director of the Fair queen contest.

The Board approved (providing suitable space can be found) a concession called a trout fishing stream to be set up by Schilling Theatrical Productions. The "stream" is 14 feet wide and 49 feet long and a fee is charged to fish, with a prize going to the fisherman who catches the big one.

## Death Takes Mr. Holmberg

MANISTIQUE—Martin Henry (Bud) Holmberg, 47, of Rte. 1, died unexpectedly Saturday afternoon while visiting in Racine with relatives.

Mr. Holmberg was born here June 29, 1917, and was a life long resident. He was employed as a machinist at the Manistique Tool and Manufacturing Co. and was a member of St. Francis de Sales Church.

Surviving are his wife, the former Mildred Wood; three sons, Martin and Donald of Manistique and John of Racine; three daughters, Mrs. Myrtle McKenzie and Mrs. Marie White of Racine and Mrs. Elva Jean Ammann of Florida; his mother, Mrs. Mary Holmberg of Manistique; a brother, Raymond, of Manistique, and five sisters, Mrs. Howard Shampine, Mrs. Vincent Weber, Mrs. Edwin Olson, Mrs. Versal Courmay and Mrs. Robert Wood, all of Manistique.

Friends may call at Kefauver-Jackson Funeral Home starting at 2 p.m. Wednesday. Liturgical prayers will be recited at 8:30 p.m. Wednesday. Services will be Thursday at 9 a.m. in St. Francis de Sales Church and burial will be in Fairview Cemetery.

## Oslunds Lead Award Winners In 'Stique Rally

MANISTIQUE — Mr. and Mrs. Mel Oslund of Escanaba tallied a low of 70 points to win the Expert Class trophy in the sports car rally held here Sunday. The rally was sponsored by the Emerald City Motor Club and had 33 entrants from Sault Ste. Marie west to Escanaba-Gladstone.

First place winner in the Novice Class was Addie Boyd of Manistique with 77 points. Other winners: Ben Look and Sally Shiner of Gladstone, second in Expert Class; Mr. and Mrs. Wayne Richards of Manistique, third; Edward and Tim Doyle of Manistique, second in Novice and Herbert Calhoun of Manistique third.

The course covered 62.9 miles and was rated 1 hour, 52 minutes. The Oslunds also received a special make of car award. Others awardists for best car performance were: Mrs. Lloyd Lindvall, Paul Holtenback, Herbert Calhoun, James Cook and Kenneth Osterhout, all of Manistique.

Cancer, which claims the lives of about 300,000 Americans a year, is the nation's second largest killer.

## Church Women Of Bethany Will Sponsor Supper

Bethany Lutheran Church Women will sponsor a planned pot-luck supper Tuesday, Mar. 30 at 6 p.m. in the church parlors. All women of the congregation and friends are invited to attend, and everyone is asked to provide his own table service. Peace Circle, with Mrs. Leslie Carlson as leader will be in charge of the kitchen.

Buzz sessions will be held during the supper hour, led by the Rev. Dr. Walfrid Nelson, and the Rev. Vendel Olson, guest speaker from Moorehead, Minn. Following the supper, the women will join with the congregation at 8 in the church for the inspirational message by Rev. Olson.

All circle leaders are reminded to take the baskets for the Delta Nursing Home to the church on Tuesday evening, and a table will be set aside for this purpose. The baskets will be delivered the following day.

Rapid River is the crossroads of the Upper Peninsula and when the deer hunt opens it has more red jackets than a convention of Royal Mounties.

## National Forest Timber Sale

**RAPID RIVER RANGER DISTRICT HARVEST AREA**  
Sealed bids will be received by the Forest Supervisor, U.S. Forest Service, Escanaba, Michigan, up to 2:00 P.M. (EST) April 29, 1965 and will be opened immediately thereafter for all live timber marked or designated for cutting and all merchantable dead timber located on an area embracing about 1294 acres in Sections 5, 6, 7, 8, & 18, T41N, R20W, Michigan Meridian, Hiawatha National Forest. No bid less than the minimum rates shown below for each species and product will be considered. The estimated volumes and minimum acceptable rates are: 1590 cords of Aspen and Paper Birch pulpwood at \$1.25 per rough cord (approx. 10% is Paper Birch); 1350 cords of Balsam at \$3.15 per rough cord; 1170 cords of Spruce pulpwood at \$5.60 per rough cord. The above rates include deposit for sale area betterment. Under certain conditions the Forest Service may, upon execution of a writer agreement with the purchaser, base stumpage charges on the scale of pulpwood by the receiving agency. There is also an unestimated volume of Hemlock pulpwood, Red Pine pulpwood, and Red & White pine sawtimber which may be cut upon written agreement between the purchaser and the Forest Service. A deposit of \$350.00 in the form of a certified check, cashier's check, bank draft or money order must accompany each bid to be applied on the purchase price, refunded or retained in part as liquidated damages according to conditions of sale. Bids submitted without the above form of deposit will require rejection of the bid as unresponsive. A bond of \$2000.00 will be required. The right to reject any and all bids is reserved. Before bids are submitted, full information concerning the timber, the conditions of sale and the submission of bids should be obtained from the District Ranger, U.S. Forest Service, Rapid River, Michigan, or from the Forest Supervisor, U.S. Forest Service, Escanaba, Michigan.

# Trotter Repeats On All-U.P. Cage Squad

## Sivertsen, Ebbesen, Povolo Also Honored

By RAY CRANDALL  
Press Sports Editor

HERMANVILLE—Frank Trotter, superb senior athlete at Holy Name, was accorded a unique honor at the annual spring meeting of the Upper Peninsula Sportswriters Association at Rodman's here Saturday.

Trotter was named to a berth on the All-Upper Peninsula Class B first team in basketball. He thus became one of the few athletes in Upper Peninsula prep history to make the annual dream team two straight years in both football and basketball. He quarterbacked the Crusaders in the grid sport.

Ron Povolo, deadly shooting little (5 feet 9 inches) guard at Hermansville, also joined some fabulous sports company this year. Povolo and Don Jacobetti of Negaunee St. Paul were named to the All-U.P. Class D first team for the third straight season. Both of them first came to the attention of U.P. sports scribes four years ago when they were named to the honorable mention list as freshmen.

**Daniels Top Coach**  
In addition to selecting the cream of the crop of this year's basketball stars, the writers named Jim Daniels of Wakefield Upper Peninsula Coach of the Year and selected Negaunee St. Paul as Team of the Year. Daniels will receive the Gladstone Lions' coaching trophy and St. Paul will be presented with the George Rudness Memorial trophy.

Trotter, a 5 foot 11 inch four-year veteran at Holy Name, scored 362 points this season and 951 in his Crusader career. He also stars in baseball and track.

Joining Trotter on the Class B first team were Paul Santoni of Kingsford, Doug Perttunen of Ishpeming, Rick Crews of Pickford, Ricky Ebbesen of Gladstone and Dane Dominici of Iron River who were tied for the fifth spot in the balloting.

**Sivertsen Honored**  
Dominici is the lone junior on the squad. He and Santoni were second team selections last year.

Escanaba's Dick Sivertsen

## Hart Winner; Changes Plans

WILMINGTON, N.C. (AP) — The Dick Hart golfing family, its bank roll enriched by \$5,150, piled into a trailer today with its destination uncertain.

Hart, a 28-year-old club professional from Hinsdale, Ill., had intended to head back to his club job after finishing his sixth winter golf tour. But winning the Azalea Open Tournament in an eight-hole sudden-death playoff Sunday with Phil Rodgers may change things.

Hart, who has been a pro for 10 years, entered the \$65,000 Greater Greensboro, N.C., Open Tournament which starts Thursday, after he outlasted Rodgers in their marathon duel.

He and his wife have two children. Hart has played the last six winter tours, with his goal to win about \$3,000 a year to meet expenses.

He came here a bit shy of that figure, having won \$2,015 since joining the tour at Los Angeles in January. But he won \$3,850 by beating Rodgers, and his fourth-round 69 was worth \$300 in bonus money for the day's low round. He and Bill Martin, who also had a 69, shared the special \$600 jackpot.

Hart won \$1,000 earlier in bonus money after a second-round 65 over the 6,700-yard par 72 Cape Fear Country Club course. Rodgers won \$2,600 runner-up money.

Hart and Rodgers shot 276, a dozen strokes under par in tying after 72 holes. Joe Campbell, third at 278, won \$1,875.

## Bobcats Win Senior Title

WALPOLE, Mass. (AP)—The Green Bay, Wis. Bobcats have won the National Senior Amateur Hockey crown.

Despite a final round 3-2 loss to Walpole Sunday, Green Bay was declared champion for the first time on the basis of the biggest spread between goals scored and goals against, Green Bay, Merrimac Valley's New England titlists and Walpole each won two games and lost one in the round robin competition.

Green Bay, however, outscored the opposition 15-5 while Merrimac was 15-11 and Walpole 16-12.

Merrimac downed winless Detroit 9-4 in the other game Sunday.

## All-U.P. Teams

CLASS A				
Player	School	Yr.	Ht.	Pts.
Paul Albright	Marquette	Sr.	6-3	498

## Lolich Suffers Mound Setback As Tigers Bow

LAKELAND, Fla. (AP) — none away in the fourth, scored Mickey Lolich says he has not been approached about pitching the opening game of the season for the Detroit Tigers.

The young left-hander added he doubted his performance against the Chicago White Sox in Sarasota Sunday would help his cause.

Lolich went seven innings and gave up nine hits and all the Chicago runs in a 5-3 loss.

"My timing was off," Lolich explained. "I just wasn't pitching with my natural motion."

Interim manager Bob Swift says he was not concerned with Lolich's pitching.

"He threw a bad one to Floyd Robinson (who hit a triple in the fifth inning) but otherwise was pretty good," Swift said.

John Romano tagged Lolich for a homer in the sixth but Swift shrugged it off.

"I didn't think Romano hit the ball well even though it did go for a homer," Swift said.

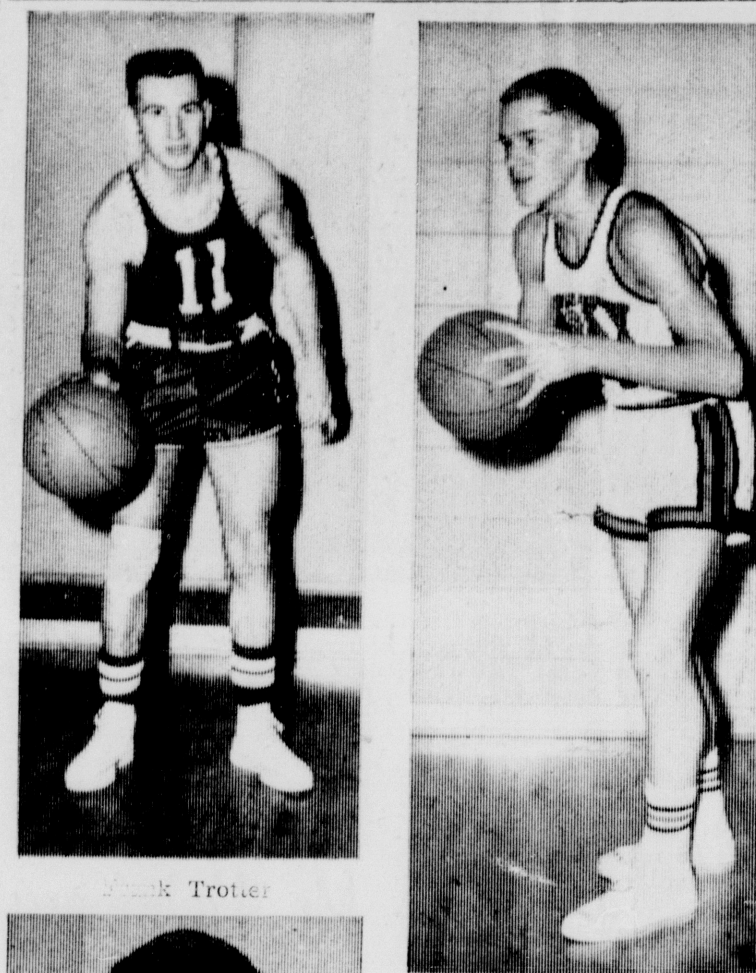

The Tigers started out with a bang, getting four singles and two runs off Chicago starter Gary Peters, a 20-game winner last year, in the first inning.

Don Wert hit a solo homer off Peters in the third for what proved to be the last Detroit run.

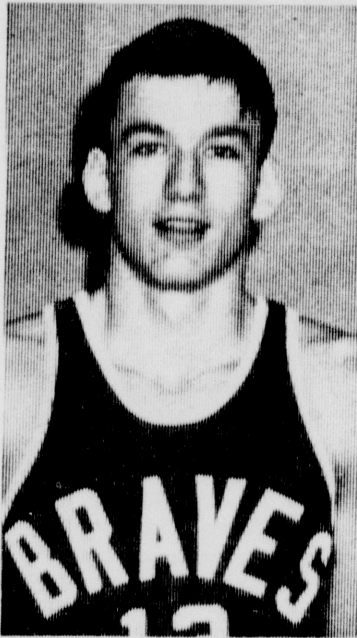

Eddie Fisher, the White Sox knuckleball relief specialist, came on in the fourth and gave up just two hits the rest of the way.

Denny Cater's double gave the White Sox their first run in their half of the opening inning.

Chicago loaded the bases with

Dick Sivertsen

Ricky Ebbesen

## Auerbach Named Coach Of Year

BOSTON (AP) — Red Auerbach has been selected Coach of the Year for the first time in his 19 years of guiding a National Basketball Association team.

He'll celebrate by putting his record-breaking Boston Celtics, seeking a seventh straight world title, through a grueling practice today.

Auerbach drew 21 of the votes cast by 27 basketball writers. Fred Schaus of Los Angeles got four and Dave DeBusschere of Detroit two.

## Toronto Goalies To Split Money

MONTREAL (AP) — The National Hockey League announced Sunday night that Terry Sawchuk has won the Vezina Trophy and \$1,000 as the goalie who played the most games for the team with the least goals scored against it — the Toronto Maple Leafs.

Johnny Bower was in the To-

## Dartbal

**Men's Church League**  
The first round of tournament play in the Men's Church Dartball League will be held as follows on Tuesday, March 30, at usual playing time:  
Presbyterian 2 at Central 1  
Red Shirts at Presbyterian 1  
Calvary Luth. at R. L. D. S.  
Immanuel Luth. at Christ the King 2

Byes were drawn by Central Meth. 2, Bethany Luth., Christ the King 1 and First Lutheran. Final standings in second half of league play:

Team	W	L
Red Shirts	26	7
Presbyterian 2	22	11
Calvary Lutheran	21	12
Christ the King 2	21	12
Christ the King 1	20	13
Presbyterian 1	18	15
R. L. D. S.	17	16
Bethany Lutheran	17	16
Immanuel Luth.	14	19
Central Meth. 1	10	23
First Lutheran	9	24
Central Meth. 2	7	26

Battling 400 or better:  
Red Shirts: T. Erickson 492, Artley 483, B. Ebbesen 430, Clement 423, Pado 405.  
Calvary Lutheran: Erickson 489, Christoff 467, Lundin 435, Thorsen 401.  
Presbyterian 1: Rasmussen 452, Ostlund 425.  
Presbyterian 2: Olson 457.  
C. K. 1: Artley, Jr. 445.  
C. K. 2: Suomi 408.  
Central Meth. 1: Moele 434.  
R. L. D. S.: Lake 425.  
Bethany: Nelson 411.

The Baltimore Colts won seven of their eight home National Football League games last season.

## When Does Homer Count For More Than One Run?

By The Associated Press  
When does a batter hit a home run with two men on base, and only one run scores?

When does a batter hit a home run with two men on base, and only two runs score?

In the first instance, when Kansas City's Tom Reynolds slammed an apparent homer in the 10th inning with the game tied 8-8 Sunday. The hit gave the Athletics a 9-8 victory over St. Louis.

In the second instance, when Billy Williams of the Chicago Cubs socked an apparent homer in the seventh inning that snapped a 5-3 tie last Wednesday. The Cubs eventually edged the Los Angeles Angels 8-7.

To say the situations are confusing is an understatement. In fact, Sunday's incident was so confusing that the final score at first was determined to be 10-8. It was only after a long discussion that the score was changed to 9-8.

With one out and the score 8-8

## Vanlerberghe Is Star Powers Team Wins Crown In Tourney

**Saturday Results**  
Ironwood 71, Amberg 28  
Marquette Ging's 66, Trout Creek 40  
Norway 59, Newberry 29  
Baraga 78, Ishpeming 63

Baraga 67, Norway 61

**Class B Finals**  
Powers Gold Star 53, Eben 42  
**Class A Finals**  
Marquette Ging's 88 Baraga 67

HERMANVILLE — The Powers Gold Star Restaurant team wrote tournament history in the 27th edition of the Upper Peninsula — Northern Wisconsin Amateur basketball classic here Sunday night.

Paced by big Dennis Vanlerberghe of Escanaba, the Gold Star quint captured the Class B championship by beating the Eben Merchants, 53-42, in the finals.

It was the first time in history of the independent tournament that a Powers team ever captured a championship trophy.

The Class A championship went to Marquette Ging's Bar with an 87-67 decision over the Baraga Independents in the title contest last night.

Vanlerberghe was one of the standout figures in the tournament, taking home five trophies. He headed the Class B all-tournament selections, scored the most points in the tournament with 119, the highest in a single game with 33 and was awarded the coveted Glenn Fleetwood Sportsmanship trophy.

In the championship victory over Eben, Vanlerberghe came through with 26 points while Bob Macco chipped in 14 and Jim O'Neil added 6. Poly Viau, honored as the most colorful player in the tournament, paced Eben with 12 points.

Other players named to the Class B all-tourney team were

Viau, Peterson of Ishpeming, V. Fieulleateau of Eben and Rod Guizzetti of Negaunee Russo's. Duane Soine, a four year star at Northern Michigan University, teamed up with Fred Boddy, former outstanding Escanaba athlete and currently coaching at Marquette Bishop Baraga, to lead Ging's to the Class A championship. Soine scored 23 points, Boddy 21, Bruce Forstrom 18 and Mike Mileski 10 in the title game.

Soine was named the No. 1 player in the tournament and received the Joe Rodman Trophy. He and Boddy were joined on the Class A all-tourney team by Peter Putala of Baraga, Pete Kopeco and Bernie Peterson of Ironwood Lahti's Chevs.

## Wilt Doesn't Have To Score

CINCINNATI (AP) — The Philadelphia 76ers do not necessarily need prolific scoring from Wilt Chamberlain. Neither does the so-called disadvantage of playing on an opponent's floor bother them.

The 7-foot-1 Chamberlain scored just 17 points Sunday, but still led his team to an impressive 108-94 victory over the Cincinnati Royals in their semifinal playoffs in the National Basketball Association.

The victory gave Philadelphia a 2-1 edge in the best-of-5 Eastern Division series. The fourth game will be played in Philadelphia Wednesday night and the 76ers can wrap up the series with a victory. Both of Philadelphia's victories, however, have been here.

Baltimore also needs only one more victory to win the best-of-5 Western Division semifinals from the St. Louis Hawks. The Bullets moved into a 2-1 edge with a crushing 131-99 victory over the Hawks at Baltimore Saturday night. The Bullets-Hawks fourth game will be Tuesday night in Baltimore.

## Swim Champ Figures He'll Stick Awhile

AMES, Iowa (AP) — Teen-age domination of swimming in recent years has made has been out of a lot of young champions.

But Southern California's Roy Saari is determined not to be shunted aside for several years. "I'm still improving," the 20-year-old king of the National Collegiate Swimming Championships said after leading the Trojans to their third straight team title here.

"I don't think I'm near my peak yet," Saari said.

The Olympic veteran wasn't overtaken by anyone at the collegiate championships which wound up Saturday night. He won three individual titles in

record time for the second straight year.

Saari lowered the American and collegiate record in the 1,650-yard freestyle to 16:39.9, the collegiate mark in the 200-yard freestyle to 1:42.9, and the American and college standards in the 500-yard freestyle to 4:43.6.

The Southern California ace was the only triple winner, but Steve Clark of Yale, Ken Sitzberger of Indiana, Gary Dille of Michigan State and Fred Schmidt of Indiana each won twice as eight American and nine collegiate records were bettered.

Clark took the 100-and 200-yard freestyle races, Sitzberger won high and low diving titles, Dille swept the 100-and 200-yard backstroke events and Schmidt claimed titles in the 100 and 200-yard butterfly races.

The Hoosiers scored 278½ points with the Trojans collecting with 285. Michigan was third with 221.

## Vaulter Sets New Records

KALAMAZOO (AP) — Michigan's George Canamare has a new pole vaulting title and two more records to his credit.

Canamare vaulted 15 feet 4¼ inches in winning his event in the Sixth Annual Western Michigan University Relays Saturday. His effort supplanted the WMU fieldhouse mark and also the former relays record, 15½ and 14-5, respectively.

## Fight Results

By The Associated Press  
BOSTON — James Beattie, 239 St. Paul, Minn., stopped Tom McNeely, 204, Boston, 5.  
UNIONTOWN, Pa. — Jack Rogers, 170, Uniontown, outpointed Sam Sellers, 168, Chancelier, Pa., 6.  
RAVENNA, Italy — Antonio Ferreira, 128½, Brazil and Renato Galli, 128½, Italy, drew, 8.

# Detroit's Rookie Goalie Fails By Narrow Margin

DETROIT (AP)—Rookies aren't supposed to win the coveted Vezina trophy in the veteran-studded National Hockey League and Detroit netminder Roger Crozier didn't.

Crozier, playing his first full season for the Red Wings lost a chance to become one of the few NHL rookies to take the top award for defensive goal tending Sunday night when the hustling Toronto Maple Leafs blanked the Wings 4-0 on a superb goal tending job by veteran Johnny Bower.

Crozier went into the season finale for both teams with 171 points scored against him. He had a two-goal lead over the Maple Leafs' net team of Terry Sawchuk and Bower. He also held the same margin over Chicago's Glenn Hall and Dennis DeJordy.

Hall from the Vezina race.

The Sunday night attendance pushed Detroit's home attendance for the 1964-65 season to 462,270—11,223 above the previous record set in the 1956-57 season when the Wings won their last NHL title.

In other league action, Montreal closed out its regular season with a 5-3 victory over New York.

Leaf winger Don McKenney slammed one shot past Crozier at 6:19 of the first period; Tim Horton bounced a second Toronto goal off a net post at 7:45 in the second period and Crozier saw his two goal lead in the trophy race wiped out.

**Final Period Score**  
Maple Leaf rookie Pete Stemkowski gave Bower and Sawchuk the Vezina trophy at 7:36 in the final period when he rammed home a perfect shot on

a pass from Ron Ellis. Crozier didn't see the shot until it was in the net.

Dave Keon completed Toronto's scoring with only three seconds left in the last period.

It proved a frustrating night all around for veteran Red Wing players who were unable to dent a hard checking Maple Leaf defense.

Norm Ullman, named the Red Wings' "Most Valuable Player" by the Detroit Hockey Writers in pregame ceremonies, Gordie Howe and Parker MacDonald all failed to threaten Bower.

Under NHL rules, Sawchuk—picked up by Toronto when Red Wing Coach Sid Abel left him unprotected in the last league draft—will be the official winner of the Vezina trophy.

**Will Split Bonus**  
Sawchuk played 36 games—one more than half of the Maple

Leafs' 70 game regular season schedule—and allowed 92 goals.

Sawchuk and Bower have agreed to split the \$1,000 bonus that goes to the winning goalminder. Crozier will receive \$500 for finishing second in the trophy race.

Prior to the game Sunday night, the Wings formally accepted the Prince of Wales trophy for winning the 1964-65 NHL regular season championship.

Abel says it's the first step ahead are the Stanley Cup playoffs which open here Thursday night when the Wings take on the Blackhawks in a best-of-seven semi final series.

Abel said the Wings would hold a practice session Monday and continue workouts up to the opener with Chicago.

**Mikita Scoreless**  
Charlie Hodge and Gump Worsley alternated in the Canadiens' goal—each playing about five minutes at a time. It was Worsley's first New York appearance against his former teammates since he was traded to Montreal two years ago.

He gave up all three Ranger goals but was on the ice when Jean Beliveau's second goal of the game—and 20th of the season—put the Canadiens in front to stay.

Tom Williams, Ed Westfall and Johnny Bucyk did the scoring for the Bruins against the Hawks whose Stan Mikita failed to score but wrapped up his second successive individual point title.

## West Rallies In Star Game

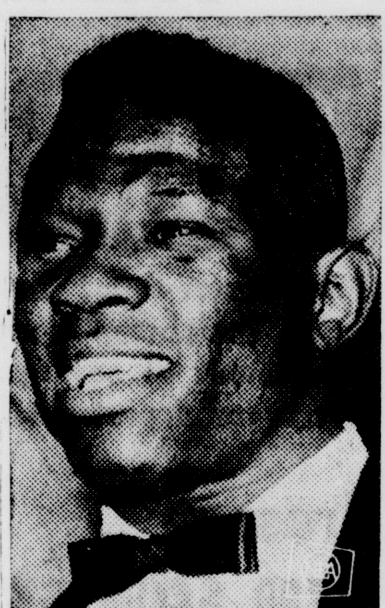

LEINGTON, Ky. (AP)—If the professional scouts who watched Saturday's East-West College All-Star basketball game were impressed, it probably was by performers who are too small by pro standards.

Guards Flynn Robinson of Wyoming and All-America Gail Goodrich of UCLA brought the West from 11 points behind in the second half to an 87-74 victory.

The 6-foot-1, 170-pound Goodrich scored 20 points and was named the game's most valuable player, but it was Robinson, 6-1, 190, who ignited the West-ers.

The East, with Billy Cunningham of North Carolina leading the way, had opened up a 65-54 lead with about 14 minutes left in the game. Then Robinson replaced Oregon State's Jim Jarvis in the West line-up.

The Wyoming star and Goodrich each hit three field goals and Robinson added a free throw as the West reeled off 17 straight points in the next four minutes. Robinson's steal and a pass to the wide-open Goodrich with three minutes left produced the basket which iced the game at 81-66.

## Clemente Back In Pirate Camp

POMPANO BEACH, Fla. (AP)—Florida seemed a little more like the Sunshine State to the Pittsburgh Pirates today. Roberto Clemente was back in a Pittsburgh Pirates' baseball uniform.

Clemente, in bed for more than a month in Puerto Rico with what was believed to be malaria, worked out Sunday before the exhibition game with Baltimore and there is a good chance he'll be ready for opening day.

The 1964 National League batting champion said he has regained 10 pounds but still is 10 pounds underweight.

## Champs Favored To Keep Crowns

NEW YORK (AP)—Champions Willie Pastrano, who once flunked gym, and Emile Griffith, who once made ladies' hats for a living, are favored to defend their titles against a couple of guys named Joe on Tuesday night in a Madison Square Garden championship doubleheader.

Pastrano, the light-heavyweight champ from Miami, is a thin 6-5 favorite over Jose Torres of New York. Griffith, a native of the Virgin Islands now living in New York, is a solid 2-1 choice to defend his welterweight crown against Jose Stable, a Cuban refugee now living in New York.

Each fight is scheduled for 15 rounds, with the Griffith-Stable bout going on first, at 9:30 p.m. EST. The light-heavy fight will follow immediately.

Each is scheduled for theater television coverage with Thea-

ter Network Television Inc. beaming the bouts to 86 locations in the United States and Canada.

Torres has a 34-1-1 record, including 25 knockouts. His only defeat was a fifth-round knockout at the hands of Florentino Fernandez in Puerto Rico May 26, 1963. He has won eight straight since.

Stable has a 25-2-1 record, including nine knockouts. He has never been stopped, and has a string of nine straight victories.

Pastrano, 29-year-old native of New Orleans where he once failed his gym class at Warren Easton High School, has a 62-12-8 record going back to 1951.

Griffith, 27, who had a job in a ladies' hat factory when he first came to the U.S., goes into his 11th welter title bout. He has an 8-2 record in championship competition, is the only man to win the welter crown three times and has a 43-5 over-all record.

## Tiger Tales

LAKELAND, Fla. (AP)—Detroit Tiger General Manager James A. Campbell met over the weekend with Paul Richards of Houston and Gabe Paul of the Cleveland Indians.

Campbell said the talks did not concern possible trades between the clubs but that a few deals might be made later on the minor league level.

Arthur C. Allyn, unlike most major league owners, is not content with sitting and watching his team play.

Allyn, president and owner of the Chicago White Sox, is the ballboy at White Sox home games at their spring training base at Sarasota.

While the players and coaches have their names on the backs of their uniforms, Allyn wears a shirt with the word "ballboy" and the number 78.

The Tigers had troubles taking a shower after the game Sunday because of low water pressure.

Outfielder Gates Brown drew much laughter from his teammates when he commented, "So this is the major leagues, huh?"

## Iowa State Is Wrestling Champ

LARAMIE, Wyo. (AP)—Iowa State, for many years the bridesmaid of NCAA wrestling, cast aside the runner-up role and ousted defending champion Oklahoma State 87-86 to win the 1965 national collegiate wrestling title Saturday night.

To do it, the Cyclones had to overcome a heavily favored Oklahoma State team which led by 22 points after the semifinal round.

But Iowa State piled up 37 points while losing only two bouts in the consolation round to take a five-point lead entering Saturday night's finals.

Both of the Cyclones' finalists—147-pound Veryl Long and 177-pound Tom Peckham—took decisions, while two of Oklahoma State's five finalists were beaten.

## Detroit Women Take Keg Lead

LANSING (AP)—Rolling a 1,332 with handicap, Vivan Edmond and Gloria McKenney of Detroit took the singles lead in the Women's State Bowling Championships on the weekend.

The two rolled a 1,236 actual with Miss McKenney contributing 631 and Miss Edmond 605. One of Miss Edmond's games was 244.

The pair displaced the former leaders, Nancy Majeski and Lois Emden, who have 1,295 for second place.

Virginia Carter of Monroe took the lead in singles with a 717 handicap total. She rolled a 612 actual, including a game of 241 Joyce Zelmer of Benton Harbor took fifth with 692 handicap.

The tournament has eight more weekends to go.

## Donors Wanted Here Tuesday

Mrs. Betty Hamilton, secretary to the Delta County Chapter of American Red Cross, reported that only 30 blood donors have registered to give blood for the Mobile Unit of the Badger Blood Bank which comes to the James T. Jones School Tuesday from 3 to 7 p.m.

It is hoped that many more will register or walk in to donate blood at this time. The area has received much aid from this service.

## E. H. McDonald Dies Saturday In Albuquerque

E. H. McDonald, 80, former resident of Gladstone, died at Albuquerque, N. M., Saturday morning.

Mr. McDonald was born in Minneapolis, Minn., Oct. 18, 1884 and had worked most of his life as a lumber inspector. He was a member of the Masonic Lodge and a patron of the Eastern Star Lodge, Shawano, Wis.

He is survived by three sons, Howard of Albuquerque, Robert of Riverside, Calif., and Roger of Ontonagon, and one brother, Roy of California.

The body will be brought to the Kelley Funeral Home. Funeral arrangements are incomplete.

## Tolls At Bridge Curb Romance?

LANSING (AP)—Maybe the Mackinac Bridge should be renamed "the Bridge of Sighs."

The high tolls on "Mighty Mack" are interfering with romance, a group of Upper Peninsula girls have complained to Sen. Thomas Schweigert, R-Petoskey.

Schweigert said that in a letter postmarked from Manistique eight girls wrote him asking if the bridge tolls could be eliminated or at least lowered.

"We're lonesome," was their appeal.

"Love and marriage as well as the tourist industry should be promoted in this state," answered Schweigert gallantly.

"Our boy friends and fiancées are employed or attend college downstate and are often unable to come home because of the outrageous tolls that are charged to cross the bridge," the girls wrote.

"It's obvious," he said, "that the union of the state's two peninsulas is not yet complete, despite the presence of the bridge, as long as these girls are separated from their potential husbands-to-be by the high cost of bridge tolls."

## Medicare Bill Called Payoff

GRAND RAPIDS (AP)—The medicare bill now before Congress represents "a foot in the door for the socialization of the medical profession and hospitals," the president of the American Medical Association charged Friday.

Dr. Donovan F. Ward also said the bill "is viewed by some in the AMA as a payoff of IOU's by officeholders to the AFL-CIO and to Walter Reuther."

Reuther, president of the United Auto Workers Union, has supported medicare.

Ward urged the Michigan Association of the Professions, whose convention here continues through Saturday, to support the AMA-favored "eldercare" alternative to the medicare proposal.

He said his group opposed medicare "because it is unjust to tax the workingman to provide hospitalization dollars for everyone over 65 without regard to need."

Ward said the eldercare bill would provide extensive benefits while distinguishing between elderly persons who can pay their own hospital costs and those who cannot.

## Briefly Told

The Rev. Clifford DeVore, pastor of Memorial Methodist Church, will be the guest speaker at the Lenten service at Evangelical Covenant Church at 7:30 p.m. Tuesday.

Christian Action Day will be held at the First Lutheran Church at 1:30 p.m. Tuesday. Materials will be prepared for missionary boxes at the meeting.

A Mother-Daughter Luncheon, sponsored by the Women's Missionary Society of the Bethel Evangelical Free Church, will be held Tuesday at 7:30 p.m. at the church.

Gerald Olson, 21, Bark River, struck and killed a deer with his car Friday night on Co. Rd. SAI in Wells Township of Marquette County. Conservation officers were notified.

State Police of the Gladstone Post investigated two minor two-car accidents over the weekend. At 2:50 p.m. Sunday on U.S. 41 about 5½ miles north of Rapid River, a car driven by Sister Marie Felix, Marquette, swerved into the left side of a car driven by John Weber, Detroit. Officers said Sister Felix apparently "over-compensated" when pulling her car back onto the highway after its right side wheels had gone onto the shoulder. At 4:25 p.m. Saturday, a car driven by Delbert Nelson, Rte. 2, Rapid River, struck a car driven by Robert Hall, 216 S. 16th St., Escanaba. Officers said the accident happened when Nelson attempted to pass two cars on U.S. 2-41 just north of Gladstone and failed to see Hall's left turn signal. No persons were injured in either accident.

## THE LITTLE WOMAN

## In Service

Pvt. Larry W. Johnson, son of Mr. and Mrs. Victor L. Johnson, Rte. 2, Rapid River, has completed a 14-week automotive repair course at the Army Ordnance Center and School, Aberdeen Proving Ground, Md. Johnson, 21, entered the Army in October, 1964 and completed basic training at Fort Knox, Ky. He is a 1963 graduate of Rapid River High School.

## Camel DeKemel, Old Resident Of Gladstone Dies

Camel DeKemel, 81, of 525 Michigan Ave., died at 8:50 a.m. Sunday in St. Francis Hospital in Escanaba where he had been a patient for four weeks.

Mr. DeKemel was born Nov. 14, 1883, in Belgium and had resided in Gladstone for the past 52 years. He had worked at the Atlas Plywood Corp. as a stationary fireman until his retirement in 1956.

He was a member of All Saints Church and the Holy Name Society.

Friends may call at the Skradski Funeral Home after 4 p.m. today. The rosary will be recited at 8 p.m. today and funeral services will be held at 9 a.m. Tuesday from All Saints Church with the Rt. Rev. Msgr. Matt LaViolette officiating. Burial will be in Gardens of Rest Cemetery.

# MANISTIQUE Hiawatha Forest Has Varied Use In Recreation

The Hiawatha Forest provides many recreation uses, chief of which is campground use. In 1964 these totaled 6700 for an average stay of five days, for 50,600 per person hours on the Forest.

There was a noticeable increase in trailer camper units and house trailers at campgrounds, with these outnumbering tents 1.3 to 1. Colwell Lake had the greatest number of out-state campers.

Picnic areas had 2000 visitors, staying an average of a

## Rabies Clinics In Schoolcraft

The Upper Peninsula Veterinary Medical Association will conduct the rabies vaccination clinics in Schoolcraft County during April and in Alger County during May. These clinics are being presented in cooperation with the Alger-Schoolcraft Health Department.

Rabies is not prevalent in the area, but there is a constant threat of an epidemic from wildlife. Last year, Menominee County reported cases of rabies in skunks, cows, and one bat with a human exposure. "In order to prevent this cycle from starting, it is imperative that we vaccinate as many pets and domestic animals as we can," said Dr. David V. Engstrom, DVM, secretary of the U.P.V.M.A. "It is our hope that these rabies clinics will fulfill this need."

"The Upper Peninsula Veterinary Medical Association realizes that these rabies vaccination programs are only as effective as a good dog control program. We recommend that the county officials enforce an effective dog control ordinance in order to insure this program's success. This vaccination program gives all the dog and cat owners an opportunity to obtain this protection against rabies at a minimum of cost and transportation problem."

The clinics will be staffed by veterinarians from the surrounding area.

## Briefly Told

Events at the Presbyterian Church this week include a communicants class meeting in the pastor's study at 7 p.m., today; chancel choir practice at 7 p.m., Wednesday; and Midweek Lenten service Thursday at 7:30 p.m.

## Hospital

Admitted to Schoolcraft Memorial Hospital were Rhonda Gould, 214 N. Houghton; Miner Strong, 521 Manistique Ave.; Sandra Huila, 116 Pearl; Reuben Stauffer, Gould City; Florence McVein, Star Rte.

Discharged were Doris DesRochers, Walter Rich, Horace Ackerman, Thomas Teed, Irene Vogtline, Dorothy Ross, Bernice Leonard and Rosa Nelson.

## Civil Leaders On Flint Tour

MARQUETTE — Forty-eight men and women, representing education, church, service, and lay leadership in the Gwin and Manistique areas, will leave Wednesday for a two-day visit to the Flint Community Schools, according to Donald G. Butcher, community school consultant, Northern Michigan University.

Purpose of the trip is to give the group an opportunity to study and to observe the Flint Community School program, which is being used as a model throughout the United States as well as abroad, and to determine what features of the program may be inaugurated in their respective communities.

Included in the two-day program will be tours of the Flint schools where the participants will observe the evening programs from 7 to 10 p.m., and visits to the Mott Health Center and the Flint Junior College.

The group will leave by bus from Gwin at 6 a.m. Wednesday and will return Friday afternoon. Cost of the trip is being borne through a Mott Foundation grant to Northern Michigan University.

Members of the group include: Peter Thelander, Viola Haindl, Esther Leveille, William Heindl, of Cooks; Edythe Haynes, Carlshend; Russell Westman, Forsyth; Rev. Edward Leppaluoto, Tom Moss, Henry Sherry, Peter Zenti, Mrs. Royal Elie, Ruth Spade, Tony Negrinelli, Evan Vercellino, Fred Erickson, Mrs. Allie Gilbert, Mrs. Lucylie Olen, Joseph Delmont, George McCormick, Gwin.

Albert Fleck, Harold Peterson, Indian Lake; Chester Dixon, Earl Cousineau, Dick Boniface, Mrs. Ione Males, Mrs. Marvin Frederickson, Rev. Harry Davidson, Marsha Pappas, Karen Larson, Mrs. Dorothy Merwin, Mrs. Minola Weber, Mrs. Nina McKenzie, Mrs. Fred Berger, William Chartier, Arnold Patz, Mrs. Zada Sheahan, Mrs. Rosemarie Schmidt, Mrs. Ossie Smith, Mrs. Robert Ebli, Judge Faket, Manistique; St. Sgt. Leonard Robinson, St. Sgt. Henry McGowan, St. Norris Shane, K. I. Sawyer AFB; Joseph DeJulianne, John Pietila, Jack Nease, Princeton; Mrs. Mary Cain, State Road; George Chvala, Thompson; and Keith Forsberg, of NMU.

The general trend of use was upward last year, even though the weather was cold in August, normally one of the highest use months.

## Pickle Growers Can't Get Help

LANSING (AP) — "Not many seasonal laborers want to stand on their head for a few weeks," says an official of a pickle processing company.

That is why Michigan's pickle industry is sending out distress signals these days.

There used to be people who would spend eight weeks a summer working stooped over in the hot sun to pick the cucumbers needed for pickle making. But Congress let expire the law which allowed those people—who were mainly Mexican nationals—to come into the United States.

Ray Yeutler, crop area supervisor at the Lansing office of Michigan Employment Security Commission, says Michigan grew more than 20,000 acres of pickles last year.

"I doubt that without foreign labor we could handle more than 6,000 to 8,000 acres," he adds.

Thus Yeutler and officials in the pickle industry say pickle acreage will be cut back this year unless a labor supply is found before planting time.

"We need to know by April 15 or 20," says Frank Clements, executive vice president of Dailiey Pickle Co. in Saginaw.

If the labor isn't forthcoming, he says, it means trouble for an industry whose average crop amounts to \$10.5 million a year and which buys large amounts of goods and services from other industries.

Good Cash Crop  
For the farmer, he says, it means loss of the chance to grow a good cash-producing crop.

"We're afraid a lot of this acreage is going to go into the soil bank," he says.

Yeutler says almost every processor in Michigan has representatives in Texas looking for workers. Some recruiting is being done among "Texicans"—Latin Americans who reside in Texas.

American farm laborers, Yeutler adds, are expected to stick with what they have been doing all along—picking crops such as apples and cherries.

Industry men say the U.S. Labor Department suggests that unemployed persons from areas such as Appalachia could harvest pickles.

But Max Henderson of Michigan Field Crops Inc., says the idea that the unemployed can rapidly be converted into skilled agricultural laborers "is for the birds."

Henderson's concern is with sugar beets. And, he says, "we saw this coming a long while ago and changed our whole program. We have gotten almost to where we need no labor."

Cucumber harvesting still is two or three years away from extensive mechanization, pickle men say.

## Small Business Centers Created Across Peninsula

The Upper Peninsula will have Small Business Development Centers in all 15 counties except two — Chippewa and Keweenaw by the end of this week, says Dr. E. V. Bowden, executive director of the Upper Peninsula Committee on Area Progress.

And Bowden hopes to have Chippewa in the fold and to have the SBDC in Houghton, serve Keweenaw.

The centers serve to process applications for loans of War on Poverty funds under Title 4 of the Economic Opportunity Act for small businesses in retailing, service, small manufacturing, tourism, etc.

The approval of such centers, whose membership cuts across varied community interests, is necessary for grant of Title 4 loans.

Escanaba City Councilman Harold Vanlerberghe heads the Delta County Small Business Development Center board in a temporary basis.

Bowden toured the Upper Peninsula last week setting up the SBDCs and had as his guest Selahattin Ilter, assistant director of regional planning at the University of Ankara, Turkey. Ilter is in this country studying organizations like UPACAP which work at a regional level for economic development.

## Elks Duplicate Bridge League Plans Tourney

The Elks Duplicate Bridge League has completed plans for its annual pair tournament for the Parsons trophy, emblematic of Club championship. Mr. and Mrs. Kibby Treiber are defending champions.

Play will cover three sessions, April 3, 10, 24, beginning at 8 p.m.

The pair having the highest average for the three sessions will be determined the winner and will secure possession of the Robert L. Parsons trophy for one year. Smaller individual trophies also will be awarded the winners and runners-up for permanent possession.

Due to the fact that some pairs may be unable to play in all three sessions, one substitution will be allowed.

Those scoring 50 per cent or over in the monthly master point game Saturday night were: 1, Mr. and Mrs. Robert Pearson Sr.; 2, Mr. and Mrs. Harry Needham; 3-4, Mr. and Mrs. R. White, Mr. and Mrs. James Ferguson; 5, W. C. Wood and Attorney C. J. Hoehn; 6, Mr. and Mrs. Elmer Feldt; 7, Mr. and Mrs. Dave Andrews; 8, Chet Morton and James Fitzpatrick.

The Pearsons will receive master points direction from the American Contract Bridge League in New York.

## Injured Girl, 7, Remains Critical

Judith Ann Johnson, 7, daughter of Mr. and Mrs. Lloyd Johnson, Rte. 1, Escanaba, continues to be listed as "critical" at St. Francis Hospital with injuries suffered when she was struck by a car last Thursday morning.

Her condition has been critical since she was admitted to the hospital.

## Crash Program On Youth Corps

The Upper Peninsula's eligibility for participation in the War on Poverty's Neighborhood Youth Corps program is being developed in a crash program headed by Dr. Bruce Newling, a demographer from Cornell University.

The Youth Corps will take in youths 16 to 21 years of age.

The Upper Peninsula Committee on Area Progress brought Dr. Newling to the Upper Peninsula, said UPACAP Executive Director Dr. E. V. Bowden to develop a program rapidly. He will leave April 7.

The program will be sponsored by Northern Michigan University and Michigan Tech and its Sault Ste. Marie Branch and by Bay de Noc Community College of Escanaba. Each has been assigned several counties of the Upper Peninsula for organization and current work is determining how many persons eligible for Youth Corps enrollment there are in the areas and how many available jobs there are to provide on-the-job training.

Albert Halcli, former member of the Michigan State Library's U.P. Branch staff, has joined UPACAP as a research associate and is aiding Dr. Newling in the Youth Corps project. Dr. Newling, an Englishman, is a specialist in influences that areas have on the development of resources.

The work being done in the U.P. said Dr. Bowden is necessary for the preparation of an area project application for Youth Corps funds.

## Panama Shooting Victim To Return

LONDON (AP) — Dr. Roberto Arias, husband of Ballerina Margot Fonteyn, plans to return next fall to Panama, where he was gravely wounded in a political shooting last year.

The 47-year-old Arias left a hospital Sunday to spend a week at Dame Margot's London home. He wore a surgical collar and could speak only haltingly.

## Briefly Told

Escanaba police have issued traffic court tickets to Raymond E. Nicholson, Wilson Rte. 1, failing to stop in the assured clear distance; and John F. Hossele, 516 2nd Ave. S., improper backing.

The Better Hearing and Speech Society will meet at the Chamber of Commerce building at 8 p.m. Wednesday. Miss Leona Dougherty will discuss speech problems.

William J. Rowley, 37, of Ford River Rte. 1, was injured in an automobile accident in the 1600 block, Ludington St., at 8:25 p.m. Sunday, Escanaba police reported. His condition was listed as "fairly good" at St. Francis Hospital today.

The other car was driven by Raymond J. Verbrigghe of Rock Rte. 1, who was ticketed for failing to stop in the assured clear distance.

## Obituary

**FREDRICK BAGLEY**  
Funeral services for Fredrick Bagley were held today at the residence of Mrs. Roy Bagley and at the Zion Episcopal Church in Wilson. Conducting the services were Rev. George A. John Porthan and Rev. Ben Helmer. Burial was in the Stephenson Cemetery.

TWO RELEASES of wild turkeys trapped in Lower Michigan were made Friday in the Shakey Lakes area of Menominee County by the Conservation Department. Here's one of the big birds taking off after liberation. (Daily Press Photo by Bernard Schultz)

## Second Release Adds 8 Turkeys To U.P. Flock

A second release of wild turkeys was made by the Michigan Conservation Department in Shakey Lakes area west of Stephenson in Menominee County on Friday evening, bringing to 17 the number of birds released in the day in effort to establish them in the Upper Peninsula as a gamebird.

Joseph Vogt, Escanaba District game biologist of the Conservation Department, received the 8 turkeys from Robert Ickes, Department pilot, at Escanaba Airport Friday afternoon and between 6:30 and 6:45 p.m. he released the birds in Section 32, T35N, R28W, about three quarters of a mile northeast of where the first release of 9 birds was made on Friday morning.

Circumstances of the capture and release of the birds were more fortunate than those for the first release, which was delayed by weather which prevented the Department's plane from taking the first 10 birds beyond Gaylord on Thursday. They were put in a car there and taken to the Shakey Lakes area for late morning release Friday. One of the 10 was dead in its gunny sacking and the others showed evidence of their long immobilization, although they flew or ran when released.

Vogt received the birds at 5:30 and within the hour they were free in the snowy scrub oak forest at Shakey Lakes County Park, where it is expected that they will join the other birds released earlier the same day.

The second release included 2 males and 6 females. The birds were trapped at noon on Friday over baited grounds in the Allegan State Game Area in Lower Michigan in a net fired from a small mortar and within 7 hours they had been transported north to the Upper Peninsula and released.

Vogt said that the birds were in good feather and could hardly be held when released and when liberated flew off strongly.

The trapping effort in the Allegan Area is continuing with a goal of 30 birds for release in the project before April 1 which has been set as a limit on this year's transplanting program because the turkeys nest early.

The turkey flock in the Allegan Area has built up in numbers so impressively that a special limited hunting season is planned next fall.

The Upper Peninsula release site is north of the historic range of the wild turkey, but releases in the Lower Peninsula north of the original range have been successful.

## Wayne Glee Club, Escanaban Along, To Sing Tuesday

Robert A. Setterlind, a 1958 graduate of Escanaba High School, will sing with the Wayne State University Men's Glee Club in concert at 8 p.m. Tuesday at William W. Oliver Auditorium.

The concert is the second in the "Glee Club Festival" sponsored by the Escanaba Area high school music department and the Delta - Schoolcraft Michigan State Alumni Club.

The MSU Glee Club appeared last Tuesday.

Tickets for the Wayne State concert, which are still available from either alumni club members or music students, also will be sold at the door.

Setterlind, who appeared here nearly four years ago with the Augustana College Choir and was highly regarded in high school as a violinist and vocalist, is currently handling the business manager's responsibilities for the Wayne State Glee Club besides singing with the group.

He is the son of Mr. and Mrs. G. A. Setterlind, 1223 S. 12th St., and is attending graduate school at Wayne State.

The Wayne State Glee Club is directed by Harry Langsford.

## Shattered Dam Deluges Town; Only 8 Escape

(Continued from Page 1)

suspended operations until morning. They said there was so little chance of finding anyone alive, it was not worth the risk to rescue workers.

Police guarding the area appealed to weeping relatives not to venture into the sea of mud.

Authorities said the only hope was for those who had managed to flee to high ground before the deluge crashed down on the valley.

Juan Honorato, 12, sobbed to newsmen:

"My mother and my seven brothers were having lunch at home when I went out to hunt some rabbits," he said. "Now I will not see them again."

As he watched the avalanche from atop a slope, Juan said he was knocked off balance.

"It was as if someone was pushing me. An instant later I heard a great noise, then the village was gone," he said.

## Felt In Argentina

A father had walked with his daughter to La Calera, about 10 miles away, to visit his wife in a hospital. They returned to El Cobre and found a mass of mud where their house had been.

The daughter, Ana Faralane, said her brother, his wife and their six children also lived in the village.

Her father was sobbing too hard to give his name.

The quake was felt as far off as Buenos Aires, 700 miles east of Santiago. Chandeliers swayed in the Argentine capital and alarmed citizens called newspaper offices to ask what had happened.

## Danforth Ski Park Closes

The Danforth Ski Park was officially closed for the season last week after 21 days of operation beginning Dec. 27. Last year's season began on January 11 and the Park was open 6 days.

Thorald Papineau served as director and was in charge of the tow and all skiing activities. He was assisted by Roy Hivala who did most of the supervising when the Ski Hill was open for public skiing.

The city-operated facility was open on Saturday and Sunday afternoons from 1:30 to 5 and Wednesday evenings from 6:30 to 9:30. Evening skiing was especially popular since the installation of artificial lighting. More than 200 ski buttons were sold, twice as many as last year, due to the longer season and increased interest.

Three ski slopes and two ski tows were available this year in addition to a large bowl for tobogganing, sledding, and sliding on saucers or cardboard. The small jump was used by novice skiers and a large jump was available for the experienced riders. The large jump was designed to make possible leaps of 50 to 75 feet.

The public works department of the city plowed the road to the area and cleared the parking lot after each snowstorm.

Plans for next year include lighting the bowl and clearing the path of the tows at least three feet on both sides of the ropes.

## Woman's Club Members Plan Benefit Parties

Members of the Escanaba Woman's Club will be holding benefit card parties in their homes during the week of April 5 to 9 for the benefit of the Philanthropic Committee.

The Philanthropic Committee is short of money to fulfill its normal obligations this year because of the increased number of Christmas baskets that were given out. It is hoped that this will provide enough money to continue the committee's welfare work this year.

The number of members who volunteered to give card parties at home is very encouraging to committee members. Each volunteer hostess will choose any time from April 5 to 9 to hold her party and will invite her own guests. Any club members who were not at the last regular meeting and would like to hold a party, are asked to call Mrs. George Bonefeld, ST 6-4601, or Mrs. Harold Vanlerberghe, ST 6-2780, any time before April 5.

Few U.S. apples are exported.
